Ivins City Parks & Recreation - Staff Report July 3, 2014

We are getting ready for Pioneer Day on Thursday, July 24. Vendors and parade entries are slow coming in, but that is how it usually goes.

We have Dalan Briggs, our new Parks Supervisor, and Corinne Richardson officially on Staff, we are now back up to our September 2008 staffing level and we are glad to have them with us.

We now have one pickleball court functioning on the East basketball court at UNITY Park. We had a portable net system made that we can move on and off of the court as needed. This is a proto type and we are going to see how this one holds up before we have another one made. If needed, we can make enhancement to the design before we make another one. We have the fencing ordered for the north end of the court that we will put up to keep balls from rolling into the street.

The Splash Pad is a busy place every day.

Baseball has ended and Flag football registration began on July 1!

The landscape is complete on the S/E corner of Docena and Center except for a few more boulder that need to go in.

We are working on the Parks and landscape areas, trying to make them look good and keep ahead of the weeds. We have had some irrigation water and irrigation controller problems, but we think we may be ok now. Computers can be frustrating at times.

Cemetery – We had several head stone placements, but no burials in the month of June.

Vandalism - We had someone start a fire in the Ivins City Park restroom at about 2:00 am one morning, Public Safety has video of the incident and will likely catch them soon. Another chicken that was eaten at Ivins City Park last week, we did not see what did it, but it was probably a coyote.
