Ivins City Staff Report
City Council Meeting 1/15/2015

Agenda Item: Approval of expenditure for Contract No. 15-01 Taviawk Tank Overcoat
Submitted by: Charles R. Gillette, P.E. City Engineer

Recommended City Council Action:
Approve expenditure of $24,000 for Contract No. 15-01 Taviawk Tank Overcoat

BACKGROUND:

Last year the Taviawk Tank was coated on the interior. The exterior needed to be coated as well, but the cost for the exterior exceeded the budget so the work was not completed last year but budgeted for this year.

FINDINGS AND ANALYSIS:

Bids have been requested and the City received bids from three contractors. The attached tabulation shows the bids ranged from $15,400 to $21,000. The low bid was submitted by ERO Stout Construction.

Staff is recommending the low bidder be awarded the project. The costs are lower than anticipated as $30,000 was budgeted for the project. Since the existing exterior ladder is not fully compliant in meeting OSHA standards for safety, staff requested Stout to provide a bid to replace it with one that is compliant. Stout quoted $4,400 which staff considers to be reasonable.

The project will also need to pay for third party inspection of the coating at a cost estimate of $1,600. Staff requests that Council approve this additional cost plus $2,600 for any other potential contingencies for a total request of $24,000

SUPPORT MATERIALS:

- Bid Tabulation Sheet

FINANCIAL IMPACT:

The following General Ledger Account number from the budget is to be used for this project:
GL51-42-855: $24,000

Respectfully Submitted:

Charles R. Gillette, P.E. City Engineer
