Volunteer Hours	$2,035.00

FIRE

Training-Trainings consisted of familiarization with the Kayenta buffer wet line system. Lance Anderson and Jim Keeley familiarized crews with the operation of the wet buffer line to the West of Kayenta. The line was turned on for operation and the system was tested. There is a procedure to follow to get the system functioning and crews were instructed on the procedure.

A training was held in response to bee calls. Crews were instructed on the procedure and techniques to respond to bees and how to foam the swarm. Procedures for foam operation were instructed and trained.

A Fire 1 training class is taking place to certify four Police Officers. Three volunteers are also attending this class for certification.

Equipment-The new extrication Combi tool and pump will arrive this week. This will replace non-operational equipment. It is essential to have working reliable equipment for rescues. We will need to purchase a cutter and ram in the future.

Calls-	Brush Fire	2
	Mutual Aid	1
	Motor Vehicle crash	1
	Alarms	6
	Utility Gas line	1
	ATV Fire	1
