Ivins City Staff Report
City Council Meeting 10/15/2015

Agenda Item: Presentation of Storm Drain Master Plan

Submitted by: Charles R. Gillette, P.E., City Engineer

Recommended City Council Action:
Review Storm Drain Master Plan Document

BACKGROUND:
Bowen Collins and Associates has completed a final draft of the updated Storm Drain Master Plan. A presentation will be made to City Council reviewing the impact of the master plan. City Council may wish to review the draft master plan prior to the meeting to help understand the presentation.

FINDINGS AND ANALYSIS:
The recommendations contained with the draft are supported by staff as a good comprehensive plan to improve drainage in Ivins City.

If a Councilmember discovers any typographical errors, please submit a markup copy that we can deliver to the consultant for corrections, rather than use meeting time to identify such errors. Councilmembers that have received electronic copies may request hard copies to aid in their review of the document.

SUPPORT MATERIALS:
2015 Storm Drain Master Plan Final Draft

FINANCIAL IMPACT:
This master plan does not identify the impact fee facilities plan or impact fee analysis. Staff and consultant are looking for guidance from the City Council prior to moving forward with these analyses.

Respectfully Submitted:

Charles R. Gillette, P.E., Public Works Dir/City Engineer
