Ivins City Staff Report
City Council Meeting 1/21/2016

Agenda Item: Consider adoption of proposed Ivins City Sewer System Management Plan

Submitted by: Charles R. Gillette, P.E., City Engineer

Recommended City Council Action:
Approve adoption of Sewer System Management Plan

BACKGROUND:
In 2012, the State had passed laws that required Ivins City, as an operator of a sanitary sewer collection system, to obtain permit coverage and meet specific requirements to ensure that we are properly maintaining our sewers and doing our best to prevent overflows.

FINDINGS AND ANALYSIS:
This document was based on the template provided by the State and modified for the Ivins City Public Works Department. The plan is being presented to the City Council for adoption, however, if the City Council would like more time to review the plan before adoption, it would be acceptable.

SUPPORT MATERIALS:
- Sewer System Management Plan

FINANCIAL IMPACT:
None

Respectfully Submitted:

Charles R. Gillette, P.E., City Engineer
