	Landscape -	$25,000
	Total	$115,000

In addition to the major projects, we plan to ask for funding for smaller projects in the next year.

Recreation – No request this year, but for 2016 we plan to try to do two projects to improve the UNITY Park Recreation room;

1. Put carpet in the recreation room at UNITY Park, the room is very noisy (echo) when there are activities in the building. $3,000
2. Install a permanent sound system in the building that can be used by the programs that we currently offer and that can be utilized by those who rent the facility. $1,500

Arts - Because all Arts funds have been allocated, we will not make an Arts request this year, but for 2016, we think that we will be ready to put in the Entry feature on Highway 91. The actual design will need to be determined, but we will plan to ask for $15,000 to help with this project.

Parks – Looking forward to 2016 we hope to do several projects;

1. Add swings to the playground at UNITY Park. - $7,500
2. Drinking fountain at Megan Fitness Area – 5-$5,000
3.
