Solar Lighting

Set of 4 Heavy Duty 18" Black Metal Solar Path Lights with Warm White LEDs - by LampLust

Product Description

These heavy duty plastic solar path lights are a perfect addition to a front or backyard pathway. Line a few sets along a backyard fence or directing you toward the front of your home. Each set of 4 includes a rechargeable battery and solar panel which charge during the day and automatically power on at night and a 4" garden stake for simple installation. Illuminate any desired space with the warm white LED housed inside its glass casing, producing 4 powerful lumens per light.
