Total $460.00

ROCK: Rock will vary in degrees of hardness,composition, and texture. Therefore, their reaction to natural elements such as water, alkali, etc., are beyond our control. In addition, due to the nature of the rock crushing and quarrying process, varying amounts of fines are inevitable in all types of rock mulches. Rowland Stone, therefore is not responsible for any rock that over time changes in any way. DELIVERY: Drivers wil make every effort to place materials where a customer designates. Rowland Stone will not accept responsibility for damage caused by equipment to curb, gutter, sidewalk, driveway, lawn, trees, or other property.
