Ivins City Finance Report for Vehicle Surplus

Date: *January 19, 2017*

Purpose: *Review of Vehicles to Surplus*

Recommendation: *Receive Input from Council on Surplus Vehicles*

Background:

The City purchased a number of vehicles this fall to replace some aging and high maintenance members of the fleet.

There will be five (5) vehicles that are surplus and will be sold. Wilson has gone through each of the vehicles and removed any city equipment. The accompanying page lists each vehicle and its data, including year, mileage, and any major problems. Each has a suggested starting bid derived from Wilson, staff, and Blue Book Values.

Please review the attached information to approve the vehicles as surplus and set the final starting bid prices.

Respectfully,

Wally Ritchie
Director of Finance

January 19, 2017

IVINS CITY VEHICLES TO SURPLUS

2000 International 4700 Low Profile Ambulance
VIN: 1HTSLAAM4YH321160
Mileage: 137,088
