Public Safety Department
February 2017 City Council Staff Report

POLICE

Over the past serval months, our officers have received some unique training and certified in CIT (Crisis Intervention Team). This training is specifically designed to teach officers how to deal with individuals that have mental health issues. By the end of this year, we will have all our officers certified. We also have a vast resource with Sgt. Nuccitelli as one of the lead instructors for Southern Utah working for us. Over the past several years the Department has personally seen how invaluable this training has been not only for the officers but for the communities we serve.

As the weather continues to get warmer expect to see our youth out on the streets riding their bikes and scooters, please be vigilant looking out for pedestrians as we drive our city streets.
