Kari

Here is information for the City Council. Kevin Warnick will give a presentation summarizing our annual report to the Council. Thanks for putting him on the agenda first.

Attached is a revised version of the Arts Master Plan for City Council to consider approving. The only changes proposed are to the Goals section (pages 8-21) and the Appendix section (pages 22-28).

The other two attachments are the Annual Report and the Action Plan, both of which are also in the Master Plan in the appendix.

Thank you.
Mike
