Public Safety Department
April 2017 City Council Staff Report

POLICE

We have our annual Kickball with the Cops tournament on April 28th. We have had positive feedback and interest in this year's tournament. We have also added an inner department contest where a trophy will be awarded to the top public safety team. We are looking forward to a higher turnout and collaborative effort between public safety and our communities as we raise money for those in need.

We have seen a positive response to our social media posts for Missing/Endangered Persons and with help in identifying possible suspects. These post engagements (sharing of posts and targeted community views) is at 577%. We have seen a post reach (targeted at community members) of 16,432.

We have also alerted the community of the road detours due to IRONMAN on May 6th both through social media and the city newsletter. We will have officers helping with traffic and road closures in the area, mostly along Center St. as this is the primary bike course route.

We are excited to have him on board and look forward to better training and oversight for our EMS program moving forward. Charlie Peterson taught out wildland certification refresher course. We also had the 45-minute Wildland pack test, and everyone passed.

Fire training included instruction on taking command of an incident and the elements of Brief Initial Report (BIR). Also, had performed manipulative skills with the 2-minute engine drill and new hose lay configurations on the engine.

Events –

We have our annual EMS Banquet scheduled for May 25th at 6 pm. All Fire & EMS (with their spouses) are invited to attend. There will be dinner, prizes, and awards presented.
