IVINS CITY STAFF REPORT
CITY COUNCIL MEETING 6/15/2017

AGENDA ITEM: APPROVAL OF EXPENDITURE FOR RADIOS FOR POLICE AND FIRE

Submitted by: Bob Flowers, Public Safety Director

Recommended City Council Action:

Approval of 17,881.50 for the purchase of 6 radios to update and remove outdated radios from law enforcement and provide new radios for fire fighters.

Background: The fire service radios have become obsolete and we need more radios. Each fire firefighter needs a radio when in the process of responding to and fighting the fire. Currently this is not provided. Some of our radios can no longer be programmed or repaired. The concept is to buy new radios and move them into the police department and pass down the radios currently being used to the fire service. In two years, the radios being used in the fire service will need to replaced due to bandwidth changes and the inability to get these older radios repaired will cease.

The radios will be purchased from Motorola which is on State Contract #AR1884.

The radios purchased will be 800MHz – APX6000 Model II.

Financial Impact:

The expense is budgeted in this years' dollars.

Bob Flowers, Director Public Safety
