Subject: Hazard Mitigation Adoption

Kari Jimenez,

- The following link will link you to the Hazard Mitigation Plan. https://hazardmitigationplan.files.wordpress.com/2017/01/five-county_nhmp_revised-final-draft_dated01-13-17_enhanced-quality.pdf

- I have attached an adoption resolution template. After you adopt the plan will you please send me a signed copy of the resolution so I can forward it to Utah's FEMA contact?

- Below is the body of the email that I originally sent out requesting adoption.

The Community and Economic Development Staff at the Five County Association of Governments is pleased to announce that the Five County Multi-Jurisdictional Natural Hazard Mitigation Plan 2017-2021 (Mitigation Plan), which your jurisdiction is a participant in, has been approved by the Federal Emergency Management Agency (FEMA), pending your jurisdiction's formal adoption of the Mitigation Plan.
The purpose for implementing and adopting the Mitigation Plan is foremost to protect your citizens and keep its homes, businesses and infrastructure safe from natural hazards. A key reason for adopting the Plan is that it provides your jurisdiction with the opportunity to apply for, and receive, federal mitigation grant funding for natural hazard mitigation projects.
In the next several weeks or so we will mail to your jurisdiction a printed copy of the Mitigation Plan, but you can view and/or download the FEMA approved Plan online right now at: https://hazardmitigationplan.org/2016-draft-plan/.
Attached is a template of the Adoption Resolution text, which you can use in its adoption. Please incorporate the resolution text onto your official letterhead.
We appreciate you forwarding this e-mail on to your council members, as well as any other interested parties, so that the Plan may be adequately reviewed prior to its adoption by resolution by your governing body.
If you have any questions please feel free to call or e-mail.
Sincerely,
Gary Zabriskie, CED Director – gzabriskie@fivecounty.utah.gov
