IVINS CITY

Ivins City Finance Report for Ivins Fire

Date: ***July 20, 2017***

Purpose: ***Present information on the Purchase of 4 SCBA Units for the Fire Department***

Recommendation: ***Authorize the SCBA Purchase for $35,381.14***

Background:

The City currently has 16 Self Contained Breathing Apparatus (SCBA) units for the Fire Department. These units are necessary equipment for the fire fighters that allow them to fight fires and enter structures. These units have a useful life and need to be replaced periodically. Under the direction of Chief Hannig, a comprehensive equipment assessment has been completed for the department. This assessment has shown that 4 of the units need to be replaced as they can no longer be certified. A replacement program has been put in place to rotate out other units as they need to be replaced over the next 4 years.

The amount for these units has been included in the FY 2018 budget and is a planned expense in the Fire Department Budget (10-5774.0)

Recommendation:

Staff recommends the City Council authorize the purchase of 4 SCBA units in the total amount of $35,381.14.

Respectfully,

Wally Ritchie
Director of Finance
