Recommended Planning Commission Action: Planning Commission recommends approval.

BACKGROUND: The property owner is requesting a Land Use Amendment from MDR (Medium Density Residential) to HDR (Medium Density Residential), as well as a Zone Change from R-1-7.5 to Townhouse. This property is adjacent to Ryders Automotive and the cell tower. Most of the property is already approved for High Density Residential and zoned multi-family (MF). However, when it was uncertain what would be built on multi-family, a small buffer of Medium Density Residential zoned R-1-7.5 was required. This application is to enable the whole parcel to be used for townhouses.
