**Subject:** Fwd: Funding for Additional Resources

Dale,
This is DSUs proposal to keep Melissa Anderson on as the CEC reporter. We might need to amend the agenda to discuss this on Thursday.
Thanks,
Chris

Three options were presented today to solve current personnel issues. One option that was presented, was to make an additional permanent position. The University would contribute $50,000 and the other entities would need to cover the remaining $17,000. The prorate share for each entity would be as follows:

- Saint George 9,520
- Washington City 2,890
- Hurricane City 1,700
- Washington County 1,020
- Ivins 1,020
- Santa Clara 850

We need to know if your entity is willing to participate in this additional funding option. Please get back to us by August 18th. Thanks for considering this option.
