Ivins City Staff Report
City Council Meeting 9/7/2017

Agenda Item: Approval of amount to purchase a pavilion for Desert Rose Park.

Submitted by: Benny Sorensen

Recommended City Council Action: Approve expenditure of an amount, not to exceed $39,150.00 for the purchase, shipping and installation of a pavilion for Desert Rose Park.

BACKGROUND: As part of the construction work at Desert Rose Park we have planned to include a pavilion for people to gather under for parties and other activities. The pavilion will be approximately 16 foot radius (32 feet across) hexagon shape with a two tiered steel roof.

FINDINGS AND ANALYSIS:

- We have chosen a pavilion size that will fit into the space available in the park.
- While looking at the pavilions that are available from the various manufacturers, we liked the hexagon shape duo-top pavilion the best for this park.
- We asked representatives from four suppliers, who have this type of pavilion, if they would provide us a proposal for comparable pavilion. We received four proposals, from Big T Recreation, Sonntag Recreation, Garrett and Company and Great Western.
- We have selected the Garrett and Company proposal because it was the low bid and provided an attractive, quality pavilion.
- We have worked in the past with Garrett and Company and they did a great job.

SUPPORT MATERIALS:

- Bid from Garrett and Company with pictures that show the look of the pavilion and also the type of railing that can be utilized with the pavilion.

FINANCIAL IMPACT:

Funds for this expenditure were budgeted in FYE 2017/18 budget line item number 49-4069.9 to reflect that the work will be done in Desert Rose Park.

Respectfully Submitted:

Benny Sorensen
