ANIMAL SHELTER

Recently we have had many calls regarding our coyotes. While the sight of these animals can be very intimidating, they are a part of our natural habit and beautiful community. Coyotes are mostly nocturnal but can be spotted during the day. Coyotes are fearful of people in general.

We have also had some inquiries on a low-cost program for fixing pets. Right now, PAWS is doing a low-cost spay and neuter program you can reach them at (435)688-9748.

At this time, we have been working on getting as many TNR's (Trap, Neuter, Release) completed. This program benefits the community as well as the homeless cats. It prevents breeding and unwanted litters of kittens. This program is provided by Best Friends, and it cuts down on intakes of kittens in our shelter. If you have any questions concerning this program please contact Christi at (435)313-2216.

Everyone here at the Ivins Animal Shelter wants to wish you a happy holiday and a great new year!
