DAM SAFETY UPGRADE APPLICATION FOR FINANCIAL ASSISTANCE
UTAH STATE BOARD OF WATER RESOURCES

The applicant is referred to the Board of Water Resources' Policy and Guidelines for use in Water Conservation Projects for information concerning the completion of this form and the project application process.

1. Applicant: (Irrigation Company, Municipality, Improvement District, Special Service District, Flood Control District, etc.)
   Name of Applicant Ivins City
   Address 55 North Main Street, Ivins Utah 84738
   Zip Code
2. Presiding Officer:
   Name and Title Chris Hart, Mayor
   Address same
   Phone Number(s) 435-628-0606
   Email Address chart@ivins.com
3. Engineer (If one has been selected):
   Name: Bowen Collins & Associates
   Address: 20 North Main St, Suite 107, St George, Utah 84770
   Phone Number(s): 435-656-3299
   Email Address: _____
4. Project Location:
   County Washington
   Distance and direction from nearest community Located in Ivins City
5. Brief description of proposed project and explanation of why it is needed:
   The Ivins Debris Basins were constructed by the NRCS in 1977, the basins were designed, constructed to protect mostly agricultural lands from short duration storms. Since then Ivins has become a residential suburb to St George and the dams have been reclassified as high hazard due to the close presence of homes. The dams need to be upgraded to meet the requirements of the new classification.
6. Estimated Total Upgrade Cost $2,007,400 (Construction Only)
   Estimated Engineering Cost $303,495 Design & Construction Management
7. Financing Plan (proposed project cost sharing):
   Applicant 3.5% of Construction
   Board of Water Resources 31.5% of Construction
   Other (specify agency) NRCS 65% of Construction & 100% of Engineering
8. Water Rights (identify by court decree, application number, or other appropriate explanation):
   None
9. Attach any available technical information pertaining to the project.

BOARD OF WATER RESOURCES POLICY
regarding
ENGINEERING AND INVESTIGATION COSTS

1. The project cost is the amount of money advanced by the Board to the applicant for all costs related to the project, plus the costs incurred by the Division of Water Resources for investigation, administration, engineering, and construction inspection. These two elements of the project cost are paid to the Board according to the terms set by the Board at the committal of funds. These terms are described in the Board of Water Resources' Policy and Guidelines for Use in Water Conservation Projects.

2. Normal engineering, investigation, and administrative costs incurred by the Division of Water Resources during preliminary project investigation will not become a charge if the project is found infeasible, denied by the Board, or if the applicant withdraws the application.

PROJECT COST AGREEMENT

On behalf of the applicant and in accordance with a resolution of the applicant's governing board and/or stockholders passed on the _____ day of _____, 20 , I hereby accept the policy and conditions as enumerated above and request assistance in constructing the project herein described.

_____ _____
Date Presiding Officer
