Public Safety Department
January 2019 City Council Staff Report

POLICE

Patrol:

Our officers have been working hard. We have had a 10 % increase in calls from last year at this time and an 83 % increase in arrests. Officers have had several felony drug arrests and multiple DUI arrests.

Officers Jon Ward and Braden Ray attended the SGPD's bike training and are now certified to do bike patrol as needed. We will utilize them for special events, Youth Alcohol patrols, and Parks.

Investigation:

Detectives were able to close out several ongoing investigations including Sexual Assault and Residential Burglary leading to several arrests. We have had a small rise in Construction Burglary.

K-9:

Detective T. O'Bray has been at K-9 school for three weeks, and we are receiving reports he and Cooper are doing very well. Graduation day is February 28th.

JAMAR/Speed Trailers:

JAMAR is currently located on Lava Cove in Santa Clara. A report was created for 400 East and Taviak. The speed trailers are currently located on 400 East, and Wilson is fixing the other.

Special Events:

The Sun Marathon is coming February 2nd and will involve both Ivins and Santa Clara Cities. We will have two additional officers working to assist with the marathon. They expect approximately 500 people running in it.

Notable Equipment Purchases:

We are purchasing lighting and some investigation equipment for our incident command trailer through a grant we received. Sgt. Hallman has also received a grant through the State of Utah Safety act for several PBT (Portable Breath Test) and two in-car video systems. This grant became available to us because of the hard work of our officers aggressively seeking out DUI's.

Victim Services:

In the 2018 final, calendar quarter, we saw 56 new victim cases in which 108 community members were extended various victim services. Most of these cases were domestic violence-related. Other incidents included assault, sexual assault, burglaries, and thefts. Twelve families received assistance in filing nine protective orders and three stalking injunctions.

We also have been awarded the 2019 VAWA grant. This grant will help us grow our services by adding a specialized detective who will work with our victim services advocate by addressing the problems related to domestic violence, dating violence, sexual assault, stalking, elder abuse and other victimized crimes against underserved populations, including making sure these victims are being notified of the services and resources available to them.

ANIMAL CONTROL

We have had a good month for animals coming in and being reclaimed or adopted quickly. With our weather change, we have had an increase in coyote complaints and sightings in town. We are doing what we can, and the Department of Wildlife Resources is aware of the situation. Thank you for your continued support of our Animal Shelter.

Ivins Animal Shelter stats are:

Dog Intake	14
Dog Owner Reclaim	8
Dog Adoptions	2
Dog Rescue	1
Dog DOA	0
Dog Euth	0
Dogs in Shelter	4

Cat DOA	1
Cat Euth	0
Cats in Shelter	16

DONATIONS:

Total: $460

VOLUNTEER HOURS:

Total Hours: 60 hrs $10.00 /hour Total: $600

FIRE & RESCUE

The new year brings a busy time for the Fire Department. Yearly fire inspections begin for business license renewals in Santa Clara and Ivins. Annual inspections are done for commercial business's and Day Care licensing. Fire Inspectors complete inspections and the results are reported to each city.

Trainings:

Trainings consisted of a first responder drug recognition class presented by Sgt. Nick Hallman. Sgt. Hallman is a Drug Recognition Expert and training instructor. The class consisted of understanding the effects of different drugs and how to recognize and give initial treatment for first responders.

EMS training was airway, and respiratory review and skills practice taught by Dr. Gibbons. Bloodborne pathogens and TB testing will be the second EMS training of the month.

A Wildland Class will be completed at the end of this month. Nine new recruits will become wildland certified upon completion.

Significant Calls:

On January 15 Fire crews responded to a fire on the Shivwits Reservation. The fire was reported as a large brush fire but actually turned out to be a structure fire. The abandoned warehouse on the Apex road was fully engulfed when crews arrived. Five engines arrived with 23 personnel. Crews were able to establish a water supply from a large tank on site as well as from Water Tenders. Kayenta development and Lance Anderson assisted with a water tender as well as the Ivins City Public Works water tender. The fire was suspicious and is determined to be an arson fire. There are no utilities in place, and the building is not operational.
