Ivins City Parks and Recreation

Staff Report April 4, 2019

By Benny Sorensen

Geology Lecture – We had a geology lecture with guest presenter Marc Deshowitz on the origin and impact of the Pine Valley Mountains. The event was a great success with the council chambers almost entirely full.

Ivins Soccer – Ivins soccer has begun. Kids ages 3 ½ -16 will play soccer at UNITY park every Tuesday-Thursday until the beginning of May.

Skate Park Meeting – There was a great chance for the community to give feedback on what they wanted for the new UNITY park skate park. Representatives from Spohn Ranch came and had interactive discussion with the 20-30 people in attendance.

Baseball Registration – Registration for youth baseball (t-ball and coach pitch rookie) have begun and will continue partway through April. The season will be mid-May to mid-June.

Baseball Tournaments – We've had four baseball tournaments in the month of March, going well with few cancelations despite the amount of rain that we have received.

Fire Lake Park – The construction of the bathroom building has begun and is continuing with brick masons working on putting up the walls. Also, preparation has been going in for the irrigation system at the reservoir.

Cemetery – There were four burials in the month of March.
