Grading Permit – see permit for full details			
Grading plan and SWPPP review	$	50.00	Per acre, $250 minimum
Monthly site SWPPP inspections	$	150.00	

Commented [CG1]: The right-of-way encroachment/excavation permit used to try to be a one size fits all, and it just didn't make sense to charge one fee for a huge variety of types of encroachments. Instead staff is proposing that we have four categories of encroachments and fees that match the severity of the encroachment.

Commented [CG2]: The grading permit is allowed by the Storm Water ordinance, (Title 11, Chapter 5). In the past it has been issued as a subdivision/site development permit. Staff is requesting to separate it to be its own permit to better pay for the costs of the storm water regulations and to potentially allow the City to hire 3rd party inspectors, when staff is too far stretched to cover the SWPPP inspections.

Followup site SWPPP inspections	$	150.00	
Permit Extension	$	250.00

General Plan Amendment	$	1,000.00	
Zone Amendment	$	1,000.00	
Design Review	$	350.00	

Commented [CG3]: Full cost of meter assembly parts is about $1200 plus the labor that would be required to put the parts together and paint.

Commented [CG4]: This matches closer to what other cities are charging.

Commented [CG5]: Connection Fees and many other fees have not been increased for 10+ years, yet expenses have increased.

Special Service District Request for Service	$	500.00

Restoration Bond	$	~~250~~1,000.00	Per ~~lot~~acre, minimum $2,500
~~SWPPP Inspections~~	~~$~~	~~75.00~~	

Commented [CG6]: We have some problems with developments that are on long construction timeline but we don't have a fee to recuperate costs.

Commented [CG7]: This needed to be corrected to match the subdivision ordinance fee.
