Public Safety Department
July 2019 City Council Staff Report

POLICE

Investigations:

We created a new database tracker for Investigations.

Investigations recovered a firearm from a burglary. They also investigated a suicide at Fire Lake Park (June), and had two more in July; one in Ivins, the other in Santa Clara.

Outreach Programs:

We received another community grant and will be using the funds to do a car seat checkpoint and for educational materials to pass out to the kids when school starts.

Officer Recognitions:

Officer Braden Ray received recognition for his efforts in installing car seats that later saved two kids in a 10-50 Personal Injury up north.

Other Information:

Vehicle equipment inspections and audits are completed.

We have outfitted our Instant Command trailer. It has been used in training exercises already.

Our department hosted the Metro SWAT training and ran the OP/IC.

ANIMAL CONTROL

Our shelter was featured on Channel 4 News for animal care and welfare safety for July 4th.

We have added a new part-time employee, Kennedy Peterson. We are happy to have her with us.

Our shelter began making small changes to better our future of the shelter. We are delighted with the progress.

Kitten season is in full swing, and we have plenty of cute fluffy babies at the shelter.

Ivins Animal Shelter stats are:
