| Santa Clara | 9 |
| Ivins | 14 |
| County | 3 |
| Total # of Calls Fire Responded | 26 |
| Total Month Call Volume | 111 |

These numbers reflect September 1st to September 24th. Santa Clara – Ivins Fire and Rescue is teaching an Advanced EMT class for members of our department and several other EMT's who are not part of our department. This class starts Monday the 30th and will run until January 18th. This will increase the knowledge of our EMT's who were in our last class that ended last December and also give us the ability to increase the number of dual certified people to better serve our community.

Serving the Citizens of Santa Clara and Ivins Utah

## Monthly Update-September 2019

**Trainings-** Fire & EMS training hours completed for the month.
Fire 28
Fire & EMS 38
EMS 28
Fire Trainings consisted of saws training and entry on garage doors. EMS training was a review of recent medical calls. A new Zoll heart monitor was trained on and is under review.

**Significant calls-** Recently we have responded on several cardiac arrests. These calls can be difficult when outcomes are not as successful as we would hope. A program is in place for Critical Incident Stress Management or CISM to assist employees through this process.

**Events-**Assisted with Heritage events. We also assisted with the monthly preparedness seminar. Paramedic Cara Taschuk presented family first-aid kits readiness.
We are holding monthly CPR Heartsaver classes. These classes are taught monthly as we receive sign up requests.

**Wildland-**The wildland season is coming to a close for our five Seasonal Wildland Firefighters. They will finish employment on the 25th. Crews have deployed to approximately 16 fires during the season. Several have been out of state in Arizona and Nevada. The potential for wildfires is still a concern, but diminishes as the season changes to fall. The county fire restrictions are now lifted.

**Other-** The fall burn season has opened on September 15th and runs through November. A burn permit is required for any burning. Burn permits can be obtained online.
