Ivins City Finance Report for Vehicle Surplus

Date: *November 21, 2019*

Purpose: *Review of Vehicles to Surplus*

Recommendation: *Receive Input from Council on Surplus Vehicles*

Background:

With recent equipment and vehicle purchases it's now time to surplus any idle equipment and vehicles the City owns.

There will be three (3) vehicles and some equipment that are surplus and will be sold. Wilson has gone through each of the vehicles and removed any city equipment. The accompanying page lists each vehicle and its data, including year, mileage, and any major problems. Each has a suggested starting bid derived from Wilson, staff, and Blue Book Values.

Please review the attached information to approve the vehicles as surplus and set the final starting bid prices.

Respectfully,

Lane Mecham
Director of Finance
