Public Safety Department
December 2019 City Council Staff Report

POLICE

This has been another busy month for the Department. We have had over 400 calls for service in November. Patrol officers are working hard in school zones and traffic concern areas, which has put arrests and citations up from last month as well.

The School Resource Officers have been working with their schools on lockdown and reunification drills. Sgt. Studley put together a great individual training exercise for the officers - active shooter drills and building clearing.

ANIMAL CONTROL

This month our shelter reached out and helped another shelter in need. Hurricane shelter was past capacity and in need of help. We had a few open kennels, so we pulled two dogs from their facility to help. The dogs are now up for adoption at our shelter.

DOGS:

- Intake 29
- Reclaimed 10
- Adopted 5
