Fire & EMS Monthly Update-

COVID-19- The Department continues to take precautions at the station with equipment and responding to calls for service. EMS calls have started to increase once again with increased numbers of people recreating and visiting our area. We continue to receive updates as the numbers increase of positive cases in Ivins and Santa Clara. We are doing well and continue to daily monitor our staff and employees. We are doing all we can to keep our staff safe and others we contact in the community.

Trainings- EMS Monthly training consisted of EKG recognitions with Dr. Foster.

Fire Trainings consisted of Emergency Driving and Driving Policy on June 4th and Hose Testing and Turnout gear inspections.

The Fire Recruit Academy was able to restart training with social distancing precautions in place. The Academy continues in July with Live Fire Skills and testing and then on to Fire II training. The instruction has taken place with our in-house Training Officers and Instructors thus far. The Utah Fire and Rescue Academy will provide Instructors and Testers for the Fire II portion.

Wildland- The month of June was busy for the wildland crew. On Monday, June 8th, our seasonal crew, and Captain Runolfson and Asst. Chief Hansen, were called to the Mangum Fire on the Kaibab national forest, 10 miles southwest of Jacobs Lake Arizona. The crew was there for a total of 16 days. The crew returned back Tuesday, June 23. The Mangum Fire brought in approximately $65,000.00 dollars. On Sunday, June 28, the crew responded to the Volcano Fire and is still currently on the fire. The Volcano Fire is located off of SR 18 next to Diamond Valley.

Captain Runolfson was sent with Water Tender 31 to the Kanab area for assignment on June 28.

Events- A fundraiser dinner and silent auction was held for Cara Taschuk, one of our full-time Paramedics who is battling breast cancer. The dinner was well attended and sponsored by Chef Hogg-Jeff Germain, at his restaurant. The proceeds will go directly to Cara and her family. We have received a lot of support behind Cara from the community and several business's and individuals in our communities. We wish to thank all those who have donated and shown their support for Cara. The crews will be wearing pink shirts in support while Cara undergoes surgery and treatments.
