David Robinson Bio

David was born and raised in Salt Lake City, Utah and has lived in Ivins for the past 25 years. David has been a developer, builder, and contractor. He has also worked with many creators in creating cost-effective, quality building and planning.

David has worked with a variety of building, planning, and zoning departments; One specific project included helping to expand verbiage for a local city zoning that expanded the uses of an existing zone. This project created a clean, profitable area that opened a new tax-base for the city.

David currently owns and operates a marine dealership and repair facility for all recreation vehicles, automotive, light-truck, and power equipment.

David understands pertinent issues that persist today include, but are not limited to:

- City infrastructure
  - Water needs, development and maintenance of roads and trails, and other future development projects.
- Affordable housing
  - The need of affordable housing and mid-size family dwellings, without risking high-density development.
- Commercial development
  - Quality, clean business with a sustainable tax base for the future of the city. Consideration of impacts of resorts and tourism on local resources.
- New city office
  - Need for current and future technology while being cost effective.

David would be a positive addition to the Ivins City Council. If appointed, David will make ethical, educated decisions on issues affecting the residents of Ivins City.
