RE: RAP Funds Request

Dear Arts Commission Members, Councilmembers, and Mayor,

Throughout the design process of the new City Hall stakeholders have expressed an interest in adding pieces of artwork in and around the new building. One project, moving a statue from a roundabout to City Hall, has already been approved and other are expected. Though the costs are not certain at this time, Staff recommends allocating the remaining RAP funds toward costs for moving the statue and other arts projects which have not yet been identified.

Sincerely,

Lane Mecham
