Ivins City Parks and Recreation

Staff Report April 1, 2021

By Benny Sorensen

Things are going well, lots of people using the parks. We have the normal issues like dog poop left in parks and landscape buffers and people deciding that they should trim/prune trees and plants on city property. We have had several plants "butchered" by someone? I think that they believe they know what they are doing, but, they don't. Fortunately, most people respect and take good care of our facilities and enjoy them often and we are grateful for them all.
