Ivins City Parks & Recreation - Staff Report June 3, 2021

Fire Lake is crazy busy, not just on the weekends, but every day. Because we don't have new water running into the reservoir all the time, we are testing the water more frequently and so far the water tests have been fine.

The Concert in the Park was great, hopefully we can do it again soon.

Baseball is going well.

The splash pad is open, but there are still too many people who push the button as they walk by and let water run with no one in it.

Staff continues to work on:
Planning for Heritage Days, Flag football, Movies in the park, the new city hall landscape, the detention basin at The Haven, (to keep our water from damaging the homes) and all our regular maintenance assignments.

Cemetery – The Cemetery looked great for Memorial Day - We had one burial in the month of May. We have approximately 115 traditional burial plots lets for sale.

Still a lot of problems with kids causing damage at UNITY Park, fires set in the bathrooms, some of the bleachers and tables were moved or damaged, the pickleball nets have been damaged and lots of trash just left on the grass at the skate park.

We have installed new locks that lock the restrooms at 10:00 p.m. and open them at 6:00 a.m.
