# Public Safety Department
# July 2021 City Council Staff Report

## POLICE

SCI Police Supervisors are preparing for the upcoming city and other events, including Heritage Days, Ironman World Championships, and Swiss Days, to ensure everyone's safety. They are also working on the accreditation for the policies and best practices for the Police Department.

SCI Police Dept. welcomed our newest officer, Jay Chadwick, a recent graduate from the Dixie State University POST Academy. He is currently in the Field Training Officer program, and he is meeting expectations and progressing very well. Officer Chadwick, Officer Heinze, and Officer Hall were all sworn in by Mayor Hart this month.

SCI Police Dept. also welcome our new Victim Advocate, Virginia Grenier. She has assisted five victims so far this month and completed her first protective order. Officers also gave out several domestic violence pamphlets to potential victims.

## ANIMAL CONTROL

SCI Animal Control assisted an Arizona Humane Society with the intake of 12 cats. There were wildfires that required multiple shelters to evacuate. The animals were taken in at the Arizona Humane Society to keep them safe, but that shelter was overrun quickly. They reached out and asked for help to transfer animals, which we could be a small part of.

Animal Control had 33 dogs, 25 cats, and seven other animals come into the shelter this month. Some animals were reclaimed by owners, sent to rescue, or adopted including two goats, one guinea pig, and two rabbits. There are currently six dogs and 18 cats in the shelter.
