Kari Jimenez, City Recorder
85 N Main,
Ivins UT 84738.

To: The Honorable Mayor and City Council members:

I thank you for the opportunity to apply and present my qualifications for the mid-term vacancy on the Ivins City Council.

I believe we all have the responsibility to contribute to the community we reside in, in some way. I have strived to do this by participating in cleanup activities, supporting and contributing to our No-Kill shelter, the arts, and businesses (financially, volunteerism and just being a concerned citizen and helping others anyway needed).

I have attended City Council meetings expressing my opinion on zoning matters, as well as traffic issues and lighting. I also have provided *specific practical solutions to solving* these issues.

As an Ivins City Council member, I will bring new ideas, vision and energy with a track record of accomplishments. I have been called by others as a Critical Thinker and Modern Renaissance Man because of my life experiences, varied and extensive employment background providing a fresh look of seeing and approach to issues of concern with objective analysis and evaluation of an issue to form a judgment. This approach will benefit the residents of Ivins as well as Ivins employees and save the city money. In my business, official and personal life, I do not place any personal benefit over the betterment of others.

My wife, a Registered Nurse and I have resided in Utah for over 15 years. My wife and I chose to move to Ivins because of the friendly people and feeling of community, as well as the beautiful geography, history and red mountains. I strive to honor my family pioneer heritage who came to Beaver in the 1850's.

It is my belief that offering to serve in the Ivins City Council will be an honor and beneficial to the city and residents I care about, just as it has been when I worked in the communities I lived in and served in as Law Enforcement for 39 years and continue to this day.

Your consideration is appreciated,

Paul Bryson
