Transmittal Letter

Honorable Mayor, Ivins City Council, and Residents:

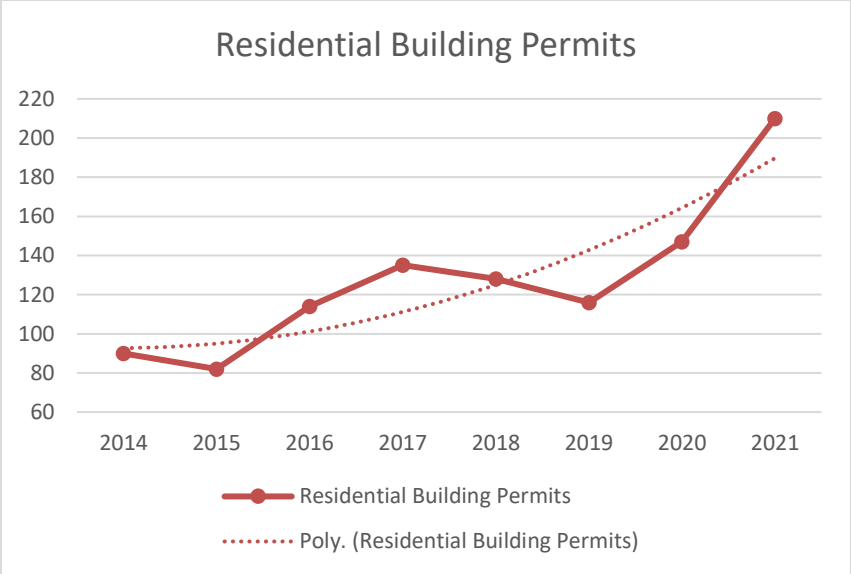

In accordance with the requirements of the Utah Uniform Fiscal Procedures Act, we hereby submit the Tentative Budget for the fiscal year ending June 30, 2023, and the estimate to complete the budget for the fiscal year ending June 30, 2022. The budgets are balanced and in compliance with Utah State law.

This annual budget represents the staff's recommendations to implement the goals, policies, and vision established by the Mayor and City Council. The annual budget is intended to be the working financial plan for all City services, improvements, and all financial decisions.

The goal of this budget is to deliver quality municipal services as cost-effectively as possible for the taxpayers and ratepayers of Ivins City. It is also the objective of this budget presentation to provide sufficient detail to the City Council and taxpayers to allow maximum understanding of all aspects of the City's financial decisions.

Looking Back

The City experienced moderate to strong growth throughout FY 2022 despite the effects of COVID-19. The City cut its expectations for revenues in the FY 2022 budget due to the anticipated effects of the pandemic, however, the budget was amended mid-year due to stronger-than-expected performance across nearly all revenue sources.

Construction in Ivins continued to grow throughout the year following a multi-year trend of increasing permits being issued for new development. A new City Hall and Police Station were completed during the year and came in under budget. Also, multiple commercial projects were considered, approved, and completed this last fiscal year. These new developments brought us and will bring us a gas station, retail spaces, a spa, hotel, a golf course, and other commercial attractions. These additions will help diversify the City's revenues away from property tax and support the budget in future years.

Looking Ahead

Ivins City is beginning to see the fruition of its vision from the General Plan to "develop Ivins City as a resort destination community." The combination of existing and developing projects makes it plain to see that Ivins is a place for active lifestyles, beautiful natural landscapes, and a place to come to play and relax at its world-class getaways. Preserving and supporting that requires careful planning, especially as the City continues through a period of strong growth. The speed of development creates challenges across the City, from water issues to public safety. The City must balance the growing needs of the City with staying in a position of financial strength.

The FY 2023 budget assumes another year of strong growth. Deloitte Analytics forecasts the demand for homes are likely to exceed supply and house prices to rise faster than inflation, and stronger consumer spending. Goldman Sachs estimates GDP will grow by 3.2% in 2022 and continue growing, although at a slower rate, over the next few years. These estimates, among others, provide a reliable basis to assume moderate to strong growth in revenues this year.

The State legislature made an important change last year to allow local government to carry forward a fund balance up to 35% of its revenues. The City will look for opportunities to capitalize on this change as it goes forward to enhance the financial position of the City. This has many benefits to the City, among them are the ability to respond to disasters and better financial strength for credit ratings.

The budget for property tax revenue is $1,815,910. Based on the most recent tax rate value ($1.5 billion), the minimum tax rate would be 0.001215. The finance staff will continue to monitor updates from the County and will change this figure once valuations have been updated. We expect that the tax rate will decrease slightly and the budgeted amount will increase.

City Employment

In FY 2022, the City budgeted a 2.0% pool for merit increases. This level of increase is slightly below that of previous years and was driven by the risks that COVID-19 posed to the budget at that time. With rising inflation rates, we've proposed a 4.0% pool in this budget. We believe the proposed pool, along with the generous benefits package already in place, is an appropriate level to keep employees motivated and satisfied with their employment at the City.

We've also discussed the staffing needs of each department with the department heads. We agree with the recommendations from them summarized here:

- Administration
    - 1 Deputy City Attorney
- Building
    - 1 New Building Inspector

These changes will allow the City to maintain its current level of services considering the new growth experienced by the City.

Conclusion

The following budget is a balanced budget that includes no property tax increase. Revenue projections are conservative but realistic. Department Directors have made the effort to be reasonable in their budget requests while maintaining services. This budget reflects the ongoing effort to achieve the vision and strategic plan of the City that is laid out in its General Plan as well as the annual 5-year plan. As we build on the last few years of economic stability and moderate growth, the financial future of the City is sustainable and will provide for the ongoing services to future residents of our city.

Sincerely,

Cade Visser

Dale Coulam

City History

Ivins City was settled from 1922 to 1926 by settlers descended from Swiss immigrants.

The early settlers were sent to the "Santa Clara Bench", as the town was then called, to farm using water brought via a canal from the Santa Clara River. Culinary water was obtained from a spring known as the Snow Canyon Springs, located in Snow Canyon State Park and now known as Johnson Arch Spring. Families supported themselves through the raising of agricultural crops and some grazed cattle on the Pine Valley Mountain and Pinto areas.

The first survey of the original town site completed in the 1920's was called the Santa Clara Bench Survey.

The Church of Jesus Christ of Latter-day Saints subscribed for a considerable amount of land and water stock, when the project of building a canal on the Santa Clara bench was started. The Church paid in cash, which was so very important in purchasing the needed materials such as cement, flume materials, and other expenses. Apostle Anthony W. Ivins was the investigating authority sent down from Salt Lake City by the General Authorities, and his report was very favorable to the Church Officials. After the town was settled and the Chapel built, it was dedicated in November 1926 by President Anthony W. Ivins. At that time, he was second counselor to President Heber J. Grant. A meeting was held with President Ivins being the principle speaker. Leo Reber wrote, "I see him now, forty years later, as he spoke to us and related how he had come down to Santa Clara with his father [in 1861], when [nine] years of age, bringing the original Swiss Company that President Brigham Young had called to come to Dixie… He said he remembered...after everything had been unloaded, and his father was turning the wagons around to leave, he said to his Father, "Father, how are those people going to live?" His Father answered him thus, "I don't know my son, but the Lord will provide for them." (Life History of Leo Frei Reber, 1966, page 21, 26-27).

It was decided that this town should have a name other than Santa Clara Bench. Several names were submitted by the new settlers, however, the name chosen was sent in by Edward H. Snow, President of the St. George Stake. He suggested the new settlement be named after President Anthony W. Ivins, who had endeared himself to the people in this part of the country through his missionary work with the Indians. A short time after this, President Ivins met with the people and when they asked him if he objected to the town being named Ivins, he said, "No, as long as they spell it Ivins, instead of Ivins." At that time, he contributed one hundred dollars in cash toward a new chapel and promised to send them a bell. This he did, and the bell still hangs in the belfry of the old church. (History of the Town of Ivins, by Myrtle L. Gubler, 1914-1966, page 3-4).

The city slowly grew in population until it was designated a Class 3 city in 1998 by the State of Utah.

State statues detail the functions to be performed by municipalities. Ivins City is a six-member form of government, governed by a mayor and five city council members

elected at large for staggered four-year terms. The mayor presides over all meetings but casts no vote in the City Council except in the case of a tie vote. The City Manager is responsible for the day-to-day operations of the City as its Chief Operating Officer. Department heads are full-time employees of the City and are responsible for day-to-day operations within the framework established by the City Council. They report to the City Manager and make monthly written and/or verbal reports to the Mayor and City Council.

Strategic Goals & Objectives

STRATEGIC PLANNING

The Master Plans, Impact Fee Facility Plans, and annual budgets are shorter-scoped plans that operationalize the strategic goals into the Five-Year Plan. The annual operating budget ties actual resources to objectives to accomplish the strategic goals identified in the long-range planning documents.

STRATEGIC GUIDE SUMMARY

The Strategic Guide Summary provides an overview of the Five-Year Plan. In this section, departmental objectives for the next five years are directly linked to the Strategic Guide policies created by the City Council. The Strategic Guide Policies are long-range policies.

MISSION

Develop and implement the organization's internal capacity, and support each other, to meet the increasing expectations of the community.

VALUES

We believe in...

- Protecting our neighborhoods.
- Conserving valuable natural resources.
- Enhancing community's appearance.
- Being family oriented.
- Preserving a special Quality of Life for our citizens.
- Providing diverse recreational opportunities.
- Providing a positive experience for our visitors.
- Compatible retail, hospitality, and professional services.
- Supporting and fostering cultural and performing arts.
- Careful planning and preparation for the future.

STRATEGIC GUIDELINES

Leadership	Quality of Life	Organizational Development
Service Delivery	Fiscal and Budgetary	Public Safety
Transportation	Infrastructure	Economic Development
Arts and Tourism	Recreation	

LEADERSHIP

The City Council desires to provide honest, ethical guidance in the development and structure for the sustainable growth for Ivins City.

Strategic Goals & Objectives:

1. Pre-election orientation for prospective candidates.
2. Establish a qualified group of leaders.

QUALITY OF LIFE

The City Council desires to create and maintain a beautiful, environmentally conscious city where citizens live, work, and play.

Strategic Goals & Objectives:

1. Protect the vistas and night sky

2. Pedestrian mobility (sidewalks & trails) and preservation of open space.
3. An environment that encompasses a safe, family-friendly, entertaining atmosphere for all ages.

ORGANIZATION DEVELOPMENT

The City Council desires to sustain and maintain a qualified staff that will continue to move the city in a positive, progressive and productive direction.

Strategic Goals & Objectives:

1. Provide continuing education opportunities.
2. Provide competitive compensation packages.
3. Implement an effective Succession Planning process.

SERVICE DELIVERY

The City Council desires to uphold a high standard of quality in the development and delivery of services in a timely, responsive, and positive manner.

Strategic Goals & Objectives:

1. Conduct an ongoing evaluation to determine service delivery levels.
2. Continue to upgrade customer service training.
3. Quality city-wide customer service program.

FISCAL AND BUDGETARY

Fiscal and Budgetary Policy is to enable the City to achieve and maintain a long-term stable and positive financial condition and provide guidelines for the day-to-day planning and operations of the City's financial affairs.

Strategic Goals & Objectives:

1. Cost-effectively deliver all services.
2. Maintain competitive rates, taxes, and user fees.
3. Maintain and fund repair and maintenance of physical assets.
4. Provide funding for infrastructure to sustain growth.
5. Stabilize and control program costs.
6. Manage the level of debt.
7. Continue to recognize and fund all long-term liabilities.

PUBLIC SAFETY

The City Council desires to ensure the safety and well-being of the residents, businesses, and visitors in the City.

Strategic Goals & Objectives:

1. Fire & EMS service in the city.
2. Have staffed police force for city's population.

RECREATION

The City Council desires to provide a wide range of recreational facilities and opportunities for all ages within the City.

Strategic Goals & Objectives:

1. Provide recreation facilities and activities to meet a diverse spectrum of recreational interests for Ivins City residents.
2. Assure that future residents can enjoy access to parks through the acquisition and development of additional park properties.
3. Work closely with the School District to develop joint City/School park sites.
4. Assure that development impact fees and/or land dedication requirements accurately reflect the costs to the City of providing parks for new development.

5. Implement the Ivins City Parks and Trails Master Plan.
6. Develop the Ivins Reservoir as a water recreation area and nature park.

TRANSPORTATION

The City Council desires to work in conjunction/unison with regional transportation entities to plan, construct and maintain public transportation and road systems for the growth and mobility of the City.

Strategic Goals & Objectives:

1. Evaluate and expand public transportation - SunTran.
2. Maintain regular road maintenance.
3. Shared vision and planning with the county, UDOT, and MPO.
4. Consider transportation impacts in land use decisions and neighborhood developments.
5. Acquire and preserve the rights-of-way necessary to accommodate future traffic needs.
6. Provide walking paths and bike paths/lanes in an interconnected system that links major destinations.
7. Upgrade existing roads, curbs, gutter, and sidewalks.
8. Assure that development impact fees and/or land dedication requirements accurately reflect the City's cost to address the transportation needs for new development.

PUBLIC SERVICES

The City Council desires to ensure the survivability of the City by keeping up with new technologies, maintaining and improving the current infrastructure, and making sure standards are applicable now and in the future.

Strategic Goals & Objectives:

1. Funding to maintain present roads and streets.
2. Assess impact fees as necessary to assure that new developments are paying the appropriate costs of the utilities and services.
3. Analyze current levels-of-service for City services and set targets to be maintained as future development occurs.
4. Assess user fees as necessary to provide funding for established levels of service.
5. Promote energy and water conservation in existing and new developments.
6. Bring older neighborhoods within the City up to standard in terms of public services.
7. Continue to support and promote public transportation.
8. Develop in conjunction with Washington County Water Conservancy District a fair and equitable comprehensive water conservation program.
9. Promote the development of water resources.
10. Develop a reliable secondary water system.

ECONOMIC DEVELOPMENT

Ivins City intends to develop business diversity that will maintain an economic base that is sustainable and adaptable.

Strategic Goals & Objectives:

1. Recruit, retain, and expand desired businesses that will continue to enhance the quality of life for the Ivins Community.
2. Participate in local economic development boards and/or tourism councils.
3. Create commercial areas where businesses can thrive and residents can gather.
4. Attract businesses that reflect and support our community values and that allow residents to work in Ivins City.
5. Encourage patronage of locally owned businesses.
6. Attract businesses and development that can service tourism.
7. Encourage businesses and activities that promote health and fitness including spas and recreational opportunities.

ARTS AND TOURISM

The City Council desires to encourage and promote arts and culture, artists, art installations, activities, and education to create a welcoming environment and enrich the lives of residents and visitors.

Strategic Goals & Objectives:

1. Encourage, support, and promote public, private, and public/private art installations in roundabouts, transportation corridors, parks, and other locations accessible to the public.
2. Support and encourage the expansion of performing arts.
3. Encourage, promote, and develop arts and cultural activities.
4. Encourage housing options that cater to tourism.
5. Encourage businesses and activities that promote health and fitness including spas and recreational opportunities.
6. Maintain, expand, and support community events that attract visitors.
7. Develop additional outdoor recreation infrastructure.

Budget Overview

Fund Structure

Governmental

General Fund

The General Fund pays for general government services that are necessary for the overall good of the City. Revenues include property tax, sales and use tax, B&C road funds, franchise taxes, and other fees. Expenditures include administration, justice court, public safety, parks, cemetery, streets, and community development.

Debt Service Fund

The Debt Service Fund is established specifically for funds set aside to make principal and interest payments on legal debts and obligations (bonds). The appropriations must be sufficient to legally cover debt payments. This budget funds the debt for the Sales Tax Bond (Historic Township).

Special Revenue Funds

These funds (Public Safety Impact Fees, Streets Impact Fees, and Parks Impact Fees) are established with a specific revenue source identified by law, which are to be used for one purpose only. Revenue from these sources cannot be used for anything other than the purpose for which they are collected.

Municipal Building Authority - accounts for funds to acquire, improve or extend one or more construction projects and to finance their costs on behalf of the City –currently used for the construction and financing of the new City Hall.

Capital Projects Fund

This fund has multiple revenue sources including transfers from other funds, grants, bond proceeds for construction projects, etc. Funds are used for acquisition, repair, or construction of major capital facilities such as streets, sidewalks, trails, and parks. Funds not used during the fiscal year of the budget may be carried over to the next fiscal year. We have a general capital projects fund for construction projects as well as three specific use capital projects for Public Safety, Parks, and Streets Impact Fees.

Proprietary

Enterprise Funds are a type of Proprietary Fund used to account for activities that are similar to private sector business activities. The focus of these funds is net income and capital maintenance. Revenues are primarily user fees and impact fees.

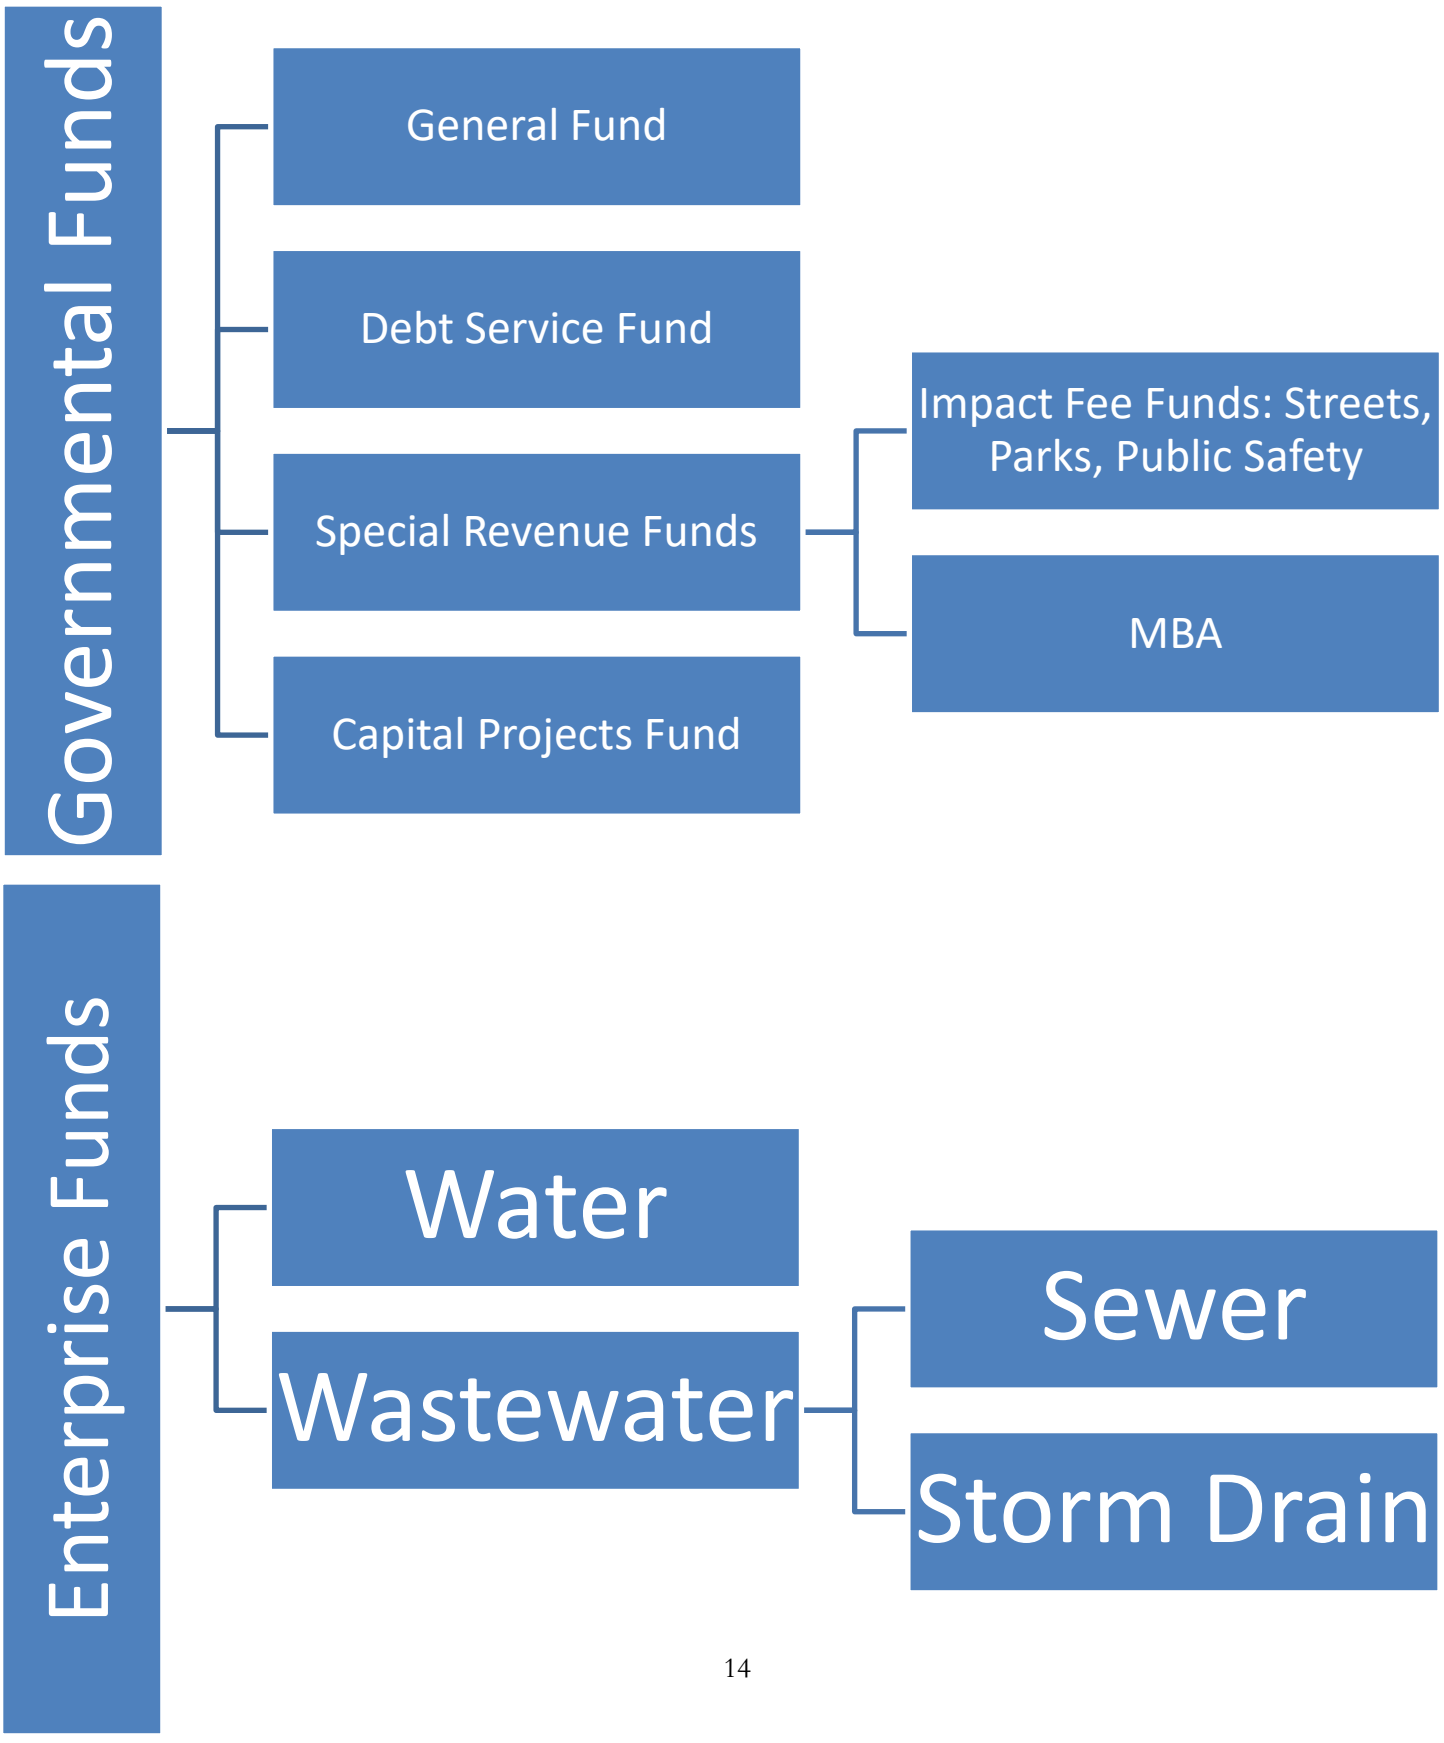

Water Enterprise Funds

Used to account for revenues and expenditures of the water utility business of the City. Revenue is received primarily from user fees and impact fees. This fund includes an Operating Budget and a Capital Budget.

Wastewater Enterprise Fund

Used to account for revenues and expenditures of the sewer and storm drain utility business of the City. Revenue is received primarily from user fees. This fund includes an Operating Budget and a Capital Budget.

Fund Relationship Chart

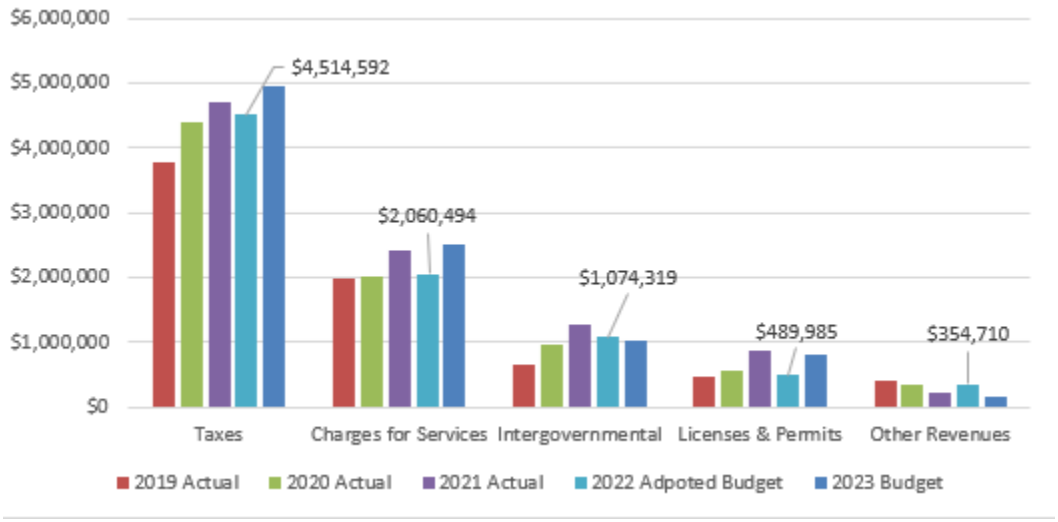

Revenues

Estimating revenues is the most important task in the budgeting process. First, a linear forecast is done to see where each line item would end if it followed the trendline from the four previously completed years (FY 2018-2021 in the case of FY 2023's budget). Those revenues are then reduced to mitigate the risk of over-forecasting revenues, 5% in most cases. Then, each line item is checked for additional adjustments that may need to be made to account for new revenues, known changes to revenue streams, and other factors requiring judgment.

Total budgeted general fund revenues for FY 2023 are $9,451,458. This is a 1% increase over FY 2022 estimated to complete budget. Notable differences between this year's revenue forecast and past year's results are:

- Building permits to be higher than normal due to commercial projects starting construction,
- Continued growth of Sales and Use Tax revenue, and
- The City has budgeted for $480 thousand expected from the American Recovery Plan in FY 2023.

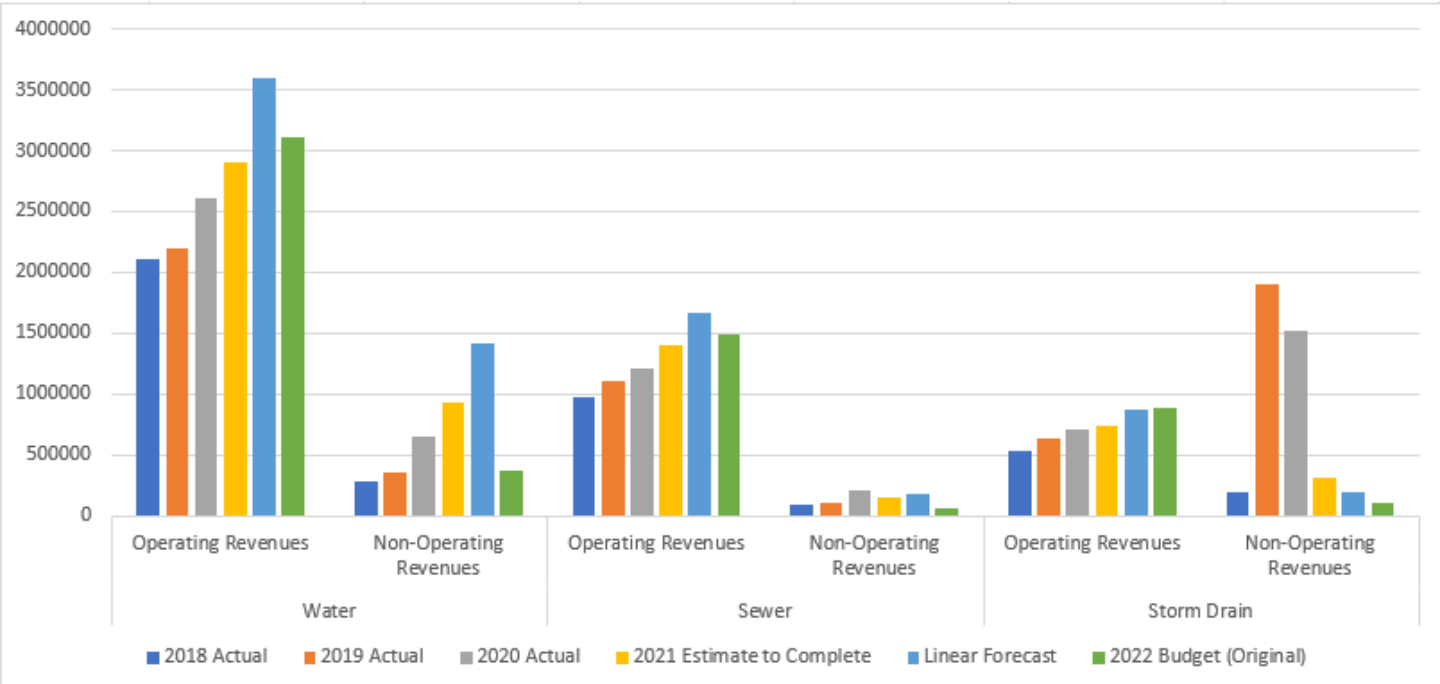

Below is a graph of budgeted revenues by major categories for the General Fund. The chart excludes the sale of City property referenced above for comparative purposes.

Enterprise fund revenues are forecasted using the same principles as the General Fund. Some notable changes from past years are:

- Large NRCS grants were received in the Strom Drain fund in recent years and not budgeted for this year.
- Impact fees in each of the enterprise funds have grown very strongly in recent years, however, due to the sensitivity of these revenues 100 permits were budgeted.

Below is a summary of budgeted revenues in the enterprise funds. Subdividers' contributions have been excluded for comparative purposes.

Capital Projects

Once revenues have been forecasted, the City determines the capital projects that need to be financed. By identifying these projects first, the City can modify expenditures in the departmental budgets to ensure adequate financing without seeking outside financing. Identification of these projects comes primarily from the long-term planning done by the City, in particular the impact fee and master plan studies. The entire list of projects goes before the City Council for prioritization and selection.

General Fund Expenditures

The City starts by forecasting employee-related costs – wages, benefits, and payroll taxes. The remainder of the budget then comes from the department heads based on the needs of the department for the upcoming year. The City Manager and Director of Finance sit down with each department head to go over their budget request and discuss the specific items in each budget. The Director of Finance then compiles the budget requests and works with the City Council, City Manager, and department heads to adjust and balance the budget in a way that guides the City closer to accomplishing its mission. Some of the notable projects and expenditures in this year's budget are:

Shared Equipment	•Sweeper - $335K •New Vehicle - $48K •New PW Yard - $300K
Streets	•Road Maintenance - $400K •Street Lighting - $60K
Other General Fund	•HWY 91 - $50k
Capital Projects Fund	•Old Highway 91 •Highway Portion - $2.8M •Trails Portion - $600K •Cemetary Expansion - $150K
Enterprise Funds	•Irrigation Phase 1 - $2.05M •Water Tank Coatings - $250K

Consolidated Summary

The above information provides a summary of the major funds of the city. Below, you can see a consolidated summary of all funds for the City.

Fund	2018 Actual	2019 Actual	2020 Actual	2021 Actual	2022 Actual YTD – Feb	2022 Adopted Budget	2022 Estimate to Complete	2023 Budget (Original)
Combined Fund Revenue

Budget Preparation

The budget process provides a time and a vehicle to reassess each of the departments and functions. This is done to determine if the goals of the City Council are being accomplished. All revenues and expenditures are detailed by type and evaluated against prior years and future expectations. As seen in the Budget Summary and as required by State law, the fiscal year 2023 General Fund and Capital Projects Fund budgets are balanced.

Ivins City follows the budgeting requirements set forth in the Utah State Code, Title 10, Chapter 6, entitled Uniform Fiscal Procedures Act. The City also follows standard budgeting principles to forecast revenues and expenditures each year.

Basis of Budgeting & Accounting

Basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurement made, regardless of the measurement focus applied. Measurement focus refers to what is being measured.

Ivins City's Governmental Funds (i.e. General Fund, Capital Projects, Perpetual Care and Special Revenue Funds) are reported using the current financial resources measurement focus and are accounted for using the modified accrual basis of accounting. Under this method revenues are recognized when susceptible to accrual, i.e. when they become both measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Ivins City considers amounts collected within 60 days after year end to be available. Expenditures are recorded when the related fund liability is incurred. However, debt service expenditures, as well as expenditures related to compensated absences are recorded only when payment is due.

Ivins City Enterprise Funds (i.e. Water, Wastewater) are reported using the economic resources measurement focus and the accrual basis of accounting. The economic resources measurement focus means all assets and liabilities (whether current or non-current) are included on the statement of net assets and the operating statements present increases (revenues) and decreases (expenses) in net total assets. Under the accrual basis of accounting, revenues are recognized when earned. Expenses are recognized at the time liabilities are incurred.

Fund/Fund Type	Accounting Basis	Budgeting Basis
General Fund	Modified Accrual	Modified Accrual
Capital Projects Fund	Modified Accrual	Modified Accrual
Debt Service Fund	Modified Accrual	Modified Accrual
Special Revenue Fund	Modified Accrual	Modified Accrual
Enterprise Fund	Accrual	Accrual

Budgetary basis is the basis of accounting used to estimate financing sources and uses in the budget. The Annual Comprehensive Financial Report (ACFR) shows the status of the City's finances on the basis of "generally accepted accounting principles" (GAAP). In most cases this conforms to the way the City prepares its budget. Exceptions include:

- In both Enterprise Funds and General Governmental Funds, the encumbrances will lapse when goods and services are not received by year-end.
- Compensated absences liabilities that are expected to be liquidated with expendable available financial resources are accrued as earned by employees (GAAP) as opposed to being expended when paid (Budget).
- Principal payments on long-term debt within the Enterprise Funds are applied to the outstanding liability on a GAAP basis, as opposed to being expended on a Budget basis.
- Capital outlay within the Enterprise Funds are recorded as assets on a GAAP basis and expended on a Budget basis.

Long Term Planning

Ivins City uses a number of strategic planning elements to properly plan for the City's growth and development. The City Council adopted an update to the General Plan to guide the City's development in 2015. This long-range planning document outlines specific policies and strategic goals for the future development of Ivins and is updated as needed with proposed changes being noticed for public comment and hearings prior to making changes.

The City has put in place a rolling Five Year Plan. This creates an action plan to accomplish the strategic goals established by the City Council by connecting forecasted revenues against expenditures based on financial trends, growth, and other issues. The Financial Forecast section projects revenues and expenses based on local economic indicators and the current services provided. The Departmental Service Plans section identifies new projects, services and programs to be added over the next five years to accomplish the strategic goals. The Five-Year Plan is not a budget. However, the City Council and staff use the Five-Year Plan in developing annual budget requests. The Master Plans, Impact Fee Facility Plans and annual budgets are shorter- scoped plans that operationalize the strategic goals into the Five-Year Plan. The annual operating budget ties actual resources to objectives to accomplish the strategic goals identified in the long-range planning documents.

Additionally, in 2021 a Capital Facilities Plan (CFP), Impact Fee Facilities Plan (IFFP), and Impact Fee Analysis (IFA) was completed for Streets and Storm Drain. The CFPs are completed in conformity to the City Master Plan. We have finished updating the plans in 2021 for Public Safety, Parks, and Sewer. In 2019 a water and wastewater study were completed which recommended rate increases over the next several years. These documents look at the needs of the City in relation to maintenance and rebuilding existing facilities as well as new construction and whether this need is related to current residents, or it is the result of growth. Costs that are associated with growth are eligible to be used in impact fee calculations and studies. Each of the CFPs, IFFPs, and IFAs will be completed by an outside consultant in association with City Staff. Impact fees are a major source for obtaining the necessary infrastructure that is required by new growth.

Financial Policies and Procedures

The following serves only as a general overview of established policies and procedures governing daily operation at Ivins City and affecting the outcome of these financial statements.

Balanced Budget

- Pursuant to §10-6-109, Utah Code Annotated, Ivins City will adopt a balanced General Fund budget by June 22.

Long-Range Planning

- Ivins City supports a financial planning process that assesses the long-term financial implications of current and proposed operating and capital budgets, budget policies, cash management and investment policies, programs and assumptions.

Asset Inventory

- Each department manager is responsible to take all reasonable measures available to prolong and assess the condition of major capital assets in their department on an annual basis.
- Methods of doing so may include such things as the procurement of insurance, regular testing of water and sewer systems, street and sidewalk replacement plans, procurement of secondary and tertiary water systems, etc.
- Ivins City Treasurer, under the direction of the City Manager, is responsible for the diversification of investments.

Revenue Policies

- Ivins City is dependent on a variety of revenue sources to cover expenditures. The burden of supporting City non-enterprise services will be equitably distributed and will protect the City from short-term fluctuations in any one revenue source.
- The City maintains timely collection systems and implements necessary enforcement strategies to collect revenues from available sources.
- The City actively supports economic development, recruitment, and retention efforts to provide for a solid revenue base.
- The City conservatively and accurately forecasts revenues, such that actual revenues meet or exceed budgeted revenues.
- The City maintains a budgetary control system and prepares reports that compare actual revenues to budgeted amounts throughout the year.
- Fees and charges are based on the estimated cost of providing the associated service. Costs associated with the service include the use of human and capital resources and the depreciation of assets. The fee schedule is evaluated annually to extrapolate future trends.
- Ivins City is committed to minimizing the portion of operating expenditures that are funded by one-time growth revenues. To support this policy, the City analyzes current and historical operating trends annually.

Expenditure Policies

- Ivins City maintains a policy of full disclosure on financial reports and bond prospectus.
- The City pays all capital projects on a pay-as-you-go basis using current revenues when possible and practical. If a project or improvement cannot be financed with current revenue, debt will be considered.
- The City refrains from issuing debt for a period in excess of the expected useful life of the capital project.
- The City uses Special Assessment revenue or other self-supporting bonds instead of general obligation bonds, when feasible.
- The City will seek the refinancing of outstanding debt if it is determined that the City will benefit by reducing interest expense over the remaining life of the debt.
- The City will comply with State Law which limits total bond obligation to 12 percent of prior year's total assessed value for tax purposes of real and personal property, as determined by the most recent tax assessment.
- Ivins City will maintain a minimum unrestricted general fund balance of at least 5 percent (not to exceed 35 percent) of current year operating revenues. If existing reserves exceed the required level, such funds may be used to balance the budget or meet needs that may arise during the year.
- The City will use the funds from the reserve only in times of emergency or fiscal and economic hardship.
- Fund balance in excess of 5 percent may only be transferred to another fund with City Council approval of a budget amendment.
- Purchasing limits are set by ordinance are as follows:

Amount	Authorization Required
Up to $5,000	Department Head
Over $5,000 up to $10,000	Department Head and City Manager
Over $10,000 for routine expenses	Department Head and City Manager
Over $10,000 for non-routine expenses	Department Head, City Manager, and City Council

Investment and Cash Management Policy

- All unused cash is invested in a PTIF account or other approved financial institution. By so doing, the issues of safety, liquidity, and yield are addressed.
- Interest earned from investments of available cash is distributed to budgetary funds according to ownership of the investments and are reflected in the annual budget and financial statements.
- The City deposits all receipts according to the requirements of State law.
- Investments made by the City are in conformity with all requirements of the State of Utah Money Management Act and City Ordinance.

Financial Reporting Policy

- Ivins City's accounting system will maintain records in accordance with accounting standards and principles outlined in the Government Accounting Standards Board (GASB), Financial Accounting Standards Board (FASB) and the State of Utah.
- Financial reports are printed monthly and distributed to the City Manager and City Council. Financial reports are reviewed by the City Council at least quarterly.
- The City employs an independent accounting firm to perform an annual audit of the City's finances and make the annual audit available to all required and interested parties. The audit shall be completed and submitted to the State of Utah within 180 days of the close of the fiscal year.
- Copies of the annual budget and financial statements are available at the City offices or on the City's website, www.ivins.com.
- The City will seek annually to qualify for the Government Finance Officers Association's (GFOA) Certificate of Achievement for Excellence in Financial Reporting and budgeting award.

Budget Adoption and Calendar

DATE	EVENT DESCRIPTION
January 6	Submit Budget Schedule for City Council Approval
January 21	Department Head Budget Meeting
February 3	Submit Draft 5-Year Plan & Discuss Department Needs and Prioritization
February 7 – March 25	Staff Prepares Tentative Budgets
February 28	County notified of date, time, and place of public hearing for any potential tax levy increase (59-2-919 (8) (a))
March 25	Capital Project Budgets, Operating Budgets and Salaries & Benefits requests due
Week of March 28	Finance Director and City Manager conduct budget reviews with Department Directors and complete revenue estimates for all funds
April 21	Review and Discuss the Proposed Tentative Budget
May 5	Tentative Budget and Tentative Millage Rate submitted to City Council (10-6-111(1)) Tentative Budget Tentatively Adopted by City Council (10-6-111(3)) and Public Hearing date set for Final Adoption of Tentative Budget (10-6-113)

DATE	EVENT DESCRIPTION
May 6	Issue notice of Public Hearing (Published 10 days prior to Public Hearing) to consider adoption of Final Tentative Budget for FY 2022/2023 (10-6-113)
May 19	Public Hearing on the Final Tentative Budget for FY 2022/2023 (10-6-114)
May 20 – June 3	After Public Hearing, City Council may continue to review and make changes to the Tentative Budget (10-6-115)
June 2	If no increase in tax levy, legislative body may adopt final Budget by Resolution for FY 2022/2023 (10-6-118) Adopt proposed or final tax rate by resolution or ordinance (59-2-912) (10-6-133)
June 10	Forward proposed or certified Tax Rate to County Auditor (10-6-134)
June 16	If necessary, due to input received at public hearing and changes to the Tentative Budgets, City Council adopts Budget and Tax Rate
Prior to July 16	Final certified copy of budget filed with State Auditor within 30 days after adoption (10-6-118)
	NOTE: If the City decides to increase the tax levy, the City would not adopt the budget in June. In the event of an increase in the tax levy, the following additional steps would be undertaken:
July 18	Issue public notice of Public Hearing for adoption of FY 2022/2023 Tax Levy (59-2-919)
August 4	Mayor and Council hold Public Hearing on proposed augmented tax levy (59-2-919) Mayor and Council adopt Resolution approving augmented tax levy (59-2-919) Mayor and Council adopt Resolution approving Final Budget
August 5	Forward resolution adopting augmented Tax Levy to County Auditor (59-2-920)

Fund Balances & Net Position

Fund balance is the difference between revenue and expenditures in governmental funds. The beginning fund balance represents residual funds brought forward from the previous year (ending fund balance).
In proprietary funds (i.e. Water, Sewer and Wastewater), net assets reflect the accumulated balance. Net assets include assets purchased by or donated to the proprietary funds less accumulated depreciation.

Utah State law allows cities to accumulate retained earnings or fund balances as appropriate in any fund. The summary of the General Fund details the changes in fund balance since FYE 2018 including projections of ending FY2022 and FY 2023.

Governmental Fund Balances

Description	2018 Actual	2019 Actual	2020 Actual	2021 Actual	2022 Estimate to Complete	2023 Budget
General Fund	$ 1,643,748	$ 1,844,779	$ 1,770,064	$ 2,489,667	$ 3,010,244	$ 2,402,738
All Other Governmental	$ 2,161,826	$ 2,160,886	$ 5,049,416	$ 4,987,527	$ 4,434,045	$ 1,609,693
Total Governmental	$ 3,805,574	$ 4,005,665	$ 6,819,480	$ 7,477,194	$ 7,444,289	$ 4,012,431

The general fund balance shows a pattern of increasing due to a balanced budget. Other governmental fund balances increase primarily because of unspent impact fee funds for future projects. This current budget anticipates spending a significant amount of the accumulated impact fee money for streets, and trails. Additionally, the current budget anticipates spending $500,000 of general fund reserve. Some of the large one time expenditures are a street sweeper $236,000, a new public works yard $75,000, transfer to capital projects to complete HWY 91 construction $50,000, three new fleet vehicles $135,000.

Glossary

Accounting Period - the fiscal year is divided into 13 accounting periods, one for each month and a period for audit adjustments.

Accrual Basis of Accounting – is the basis of accounting under which revenues are recorded when earned and expenditures (expenses) are recorded as soon as they result in liabilities for benefits received, regardless of when cash is received.

Amortization – A noncash expense that reduces the value of an intangible asset over the projected life of the asset.

Annualization – using changes that have occurred mid-year and calculating their cost for a full year, for the purpose of preparing an annual budget.

Appropriation – the legal authorization granted by the City Council to make expenditures and incur obligations.

Balanced Budget – The amount of budget expenditures is equal to or less than the amount of budgeted revenues plus other available resources.

Bond – A written promise to pay a sum of money on a specific date at a specific interest rate. The interest payments and the repayment of principal are detailed in a bond ordinance.

Bond Proceeds – Funds derived from the sale of bonds for the purpose of constructing major capital projects.

Budget – A plan of financial activity for a specified period of time (fiscal year) indicating all planned revenues and expenses for the budget period.

Budget Preparation Timeline – the schedule of major events in the development of the annual budget, including community budget forums, proposed budget, budget hearings, budget deliberations, and adoption of the annual Appropriation Ordinance.

Budget Document – the instrument utilized to present the City's comprehensive financial plan to the City Council and the public.

Capital Improvement Project – A capital improvement is generally a large construction project such as the development of park land, construction or remodeling of a City Building.

Capital Outlay – the initial lump-sum expense for a significant purchase such as a vehicle or computer.

Cash Basis of Accounting – the basis of accounting under which revenues are recorded when received in cash and expenditures (expenses) are recorded when paid. To be in conformity with generally accepted accounting principles (GAAP), local governments must use the accrual or modified accrual basis rather than cash basis of accounting.

Contingencies – A budgetary reserve set aside for emergencies or unforeseen expenditures not otherwise budgeted.

Annual Comprehensive Financial Report (ACFR) – the report is prepared by the Director of Finance and includes the audit report from the independent auditor. The ACFR is organized by fund and contains two basic types of information. A

Balance Sheet that compares assets with liabilities and fund balance; an operating statement that compares revenues with expenditures.

Debt Service – Payments of interest and principal on an obligation resulting from the issuance of bonds.

Department – A basic organizational unit of government which may be sub-divided into divisions, programs or activities.

Depreciation – A noncash expense that reduces the value of an asset as a result of age, obsolescence or wear and tear.

Enterprise Fund – Funds established to account for specific services funded directly by fees and charges to users. These funds are intended to be self-supporting.

Expenditures – the actual outlay of monies from the City Treasury.

Extrapolation – to protect, extend or expand known data or experience into an area not know or experienced so as to arrive at a usually conjectural knowledge of the unknown area.

Fiscal Year – Twelve-month term designating the beginning and ending period for recording financial transactions. Ivins City has specified July 1 through June 30 as the fiscal year.

Fiduciary – Of, relating to, or involving a confidence or trust.

Full-Time Equivalent (FTE) – the total hours of all employees are totaled and divided by 2080 hours to come to the number of full time equivalent employees. i.e. two half time employees are equal to one full time equivalent.

Fund – A fiscal and accounting entity with a self-balancing set of accounts to record revenues and expenditures.

Fund Balance (Equity) – the value of revenues minus expenses as accumulated over time in a given fund.

Generally Accepted Accounting Principles (GAAP) – Uniform minimum standards used by state and local governments for financial recording and reporting that have been established by the accounting profession through the Governmental Accounting Standards Board (GASB).

General Fund – Ivins City's main operating fund that is used to pay for basic City serves that utilize most tax dollars and is also supported by fees from licenses and permits, fines and investment earnings.

Government Finance Officers Association (GFOA) Distinguished Budget Award – Highest form of recognition in governmental budgeting. Its attainment represents a significant accomplishment by the management, staff and elected officials of recipients. Budgets are evaluated for effectiveness as a policy document, a financial plan, and operational guide, and a communication device.

Growth Rate – the level at which expenditures and revenues are expected to increase annually.

Intergovernmental Revenue – A contribution by one governmental unit to another. The contribution is usually made to aid in the support of a specific function but is sometimes for general revenue.

Monthly Management Report – is submitted to the City Manager to report significant events and statistics.

Modified Accrual Basis of Accounting – revenues are recognized when susceptible to accrual; i.e. when they become both measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period.

Operating Budget – Authorized expenditures for ongoing municipal services.

Performance Measure – gauges work performed, and results achieved. Types of measures include, input, output, efficiency and internal and external outcomes.

Property Tax – An "ad valorem" tax on real estate based upon the value of the property.

Proposed Budget – the City Managers recommendation for the City's financial operations including an estimate of proposed expenditures and revenues for a given fiscal year.

Reserve – An account used to indicate that a portion of a fund's balance is legally restricted for a specific purpose and is, therefore, not available for general appropriation.

Revenue – funds received from various sources and treated as income to the City which is used to finance expenditures.

Signage – A system of signs.

Transfers - the authorized exchange of cash, positions, or other resources between organizational units.
