A. Acknowledgement of Quorum

Mayor Hart acknowledged that there was a quorum present. Council Member Johnson was excused and Council Member Anderson would be in attendance shortly. The Building Department and Planning Commissioner Gardiol were also present.

B. Disclosures

There were no disclosures or conflicts with items on this meeting's agenda.

2) WORK MEETING

A. Discussion regarding the Arts Commission's presentation regarding exterior building color (light reflective value/LRV) and the Munsell Book of Color

The Arts Commission showed those in attendance different color templates for three (3) zones in the City. There were some colors that were too bold and pastel and there have been comments to the Building Department that residents do not want Ivins to look like the Daybreak development, which is a residential community in South Jordan, Utah in Salt Lake County.

Council Member Anderson arrived at 4:18 p.m. and had no disclosures or conflicts of interest.

The **Mayor, City Council, Arts Commission** and those in attendance, had a lengthy discussion regarding how the color templates work and suggested chroma and hue. There was a question regarding the definition of trim and it was determined that the Council will need to decide what consists of a trim and define that. There were some colors in the palette template that they did not want at all. They encouraged the Arts Commission to continue to finesse the template recommendations and determined that this discussion should go back to the Arts Commission for them to provide a presentation to the City Council after January, 2023, with the refined color templates.
