Ivins City Parks & Recreation - Staff Report June 29, 2023 (first July meeting)

Fire Lake continues to be busy every day, not just on weekends. Staff keeps the bathrooms cleans, picks up trash and the dumpsters are now emptied twice a week to keep up with park visitors.

We did a chemical treatment at Fire Lake on June 22 to help control weeds and kill bacteria. We did the treatment in the evening so that we do not have to close the park for a whole day.

In the “What were you thinking” category –

Yes, it is a roll of carpet stuck in the trash can at the skate park and a big box just left for someone to pick up? Must have thought the skate park is where we do our dumpster day?

So much for the Pack it in, pack it out philosophy?
