PLEDGE YOUR SUPPORT
IVINS CITY ARTS CORRIDOR

Dear Friend of Ivins City,

I am writing to ask you to partner with Ivins City and the Center for the Arts at Kayenta in an exciting project that will impact Ivins City for years to come.

The National Endowment for the Arts (NEA) supports the Nation's arts sector with grant opportunities. The "Our Town" grant supports activities that encourage and develop arts, heritage, culture and design within cities. Grant amounts range from $24,000 to $150,000.

Ivins City already has significant public art and art resources located throughout the City. The current art installations and resources indicate a natural "arts corridor" that begins at the Center for the Arts at Kayenta, traverses Center Street and continues on to Black Desert Resort and Tuacahn. By taking advantage of the synergy created by these locations and then building on them in the future, the City can create a dramatic visual outdoor gallery along this Arts Corridor.

The Ivins City Arts Commission envisions a multi-phase project to strategically develop the Arts Corridor into a vibrant destination that encourages people to connect with each other and with our history and culture. It is our goal to fund this development through a combination of grants, corporate and individual support. **We need your help!**

The "Our Town" grant requires a minimum cost share/match equal to the grant amount requested. The Ivins City Arts Commission has been charged with raising the required matching funds. It is our goal to raise $150,000 by August 3rd, the date that the grant application must be submitted.

Ivins City has kicked off our fundraising efforts by committing $20,000 of RAP tax funds that have been held in reserve for arts related projects in Ivins.
