General Plan Edit Notes
March 25, 2024
Mike Scott

Here are notes about the edits made as a result of the March 21st City Council review. I also show text in red in the Plan for areas where wording was changed or added.

P2: Foreword

- In the 1st para, 1st sentence, I added "or "the Plan" after the first reference to the General Plan so all future references can say "General Plan" or "the Plan." I capitalized Plan everywhere in the document if it wasn't already capitalized.
- Chris sent me 3 edits in the 4th and 5th para.
- Added "work" in the last sentence.
- Chris also suggested reinserting a smaller version of acknowledgments at the bottom.

P3: Introduction

- Replaced "restrictive" with "comprehensive" in para 2 and added the reference to bike lanes and lifestyle
- Moved 3 paragraphs from near the bottom to after para 1
- Made changes agreed to in the last two paragraphs

P5: Establishing Direction

- Moved the word cloud and "Supporting City Documents" section from what was page 8
- Broke activities into categories with headings

P6: Vision

- Changed the last para from 1 sentence to 2 sentences.

P7: Roadmap

- Expanded page title since it is all about guiding principles .
- Rewrote para. 1 to shorten it and deal with issues about the terms "ask" and "agricultural heritage" and added reference to open space. Made question a complete sentence.
- Combined the 2nd and 3rd para to keep this section to 1 page
- Replaced "restrictive" with "comprehensive" in the 2nd para.
- In principle #5 – we talked about changing from decision-making to development – but the intent of this statement is to be careful about the decisions we make – so leave it alone – but change from "in" decision making to "of"
- Rearranged order of guiding principles.
- Took out "practical" in #5 (simply to shorten to 1 line)
- Shortened #6 to cut 1 line. It was: Work with the Washington County Water Conservancy District and other entities to create a plan reviewed annually that will provide safe, dependable water to meet the future needs of the residents, businesses, and amenities.
- Added the principle Chris suggested about essential services
- Added principal Kevin suggested about individual rights

P8: The General Plan resident survey

- Deleted this page.
