CITIZEN REQUEST FOR FUTURE AGENDA ITEMS REGARDING ORDINANCES, POLICIES OR OTHER LEGISLATIVE ITEMS

Any person wishing to request an item to be discussed on a future agenda **that has not already been addressed previously,** should comment at this time. **This form is not for complaints or concerns that are not legislative. Complaints and other administrative matters should be directed to Staff.** A Citizen Request Form should be filled out in advance and given to the City Recorder. Remarks should be limited to **not more than two minutes, unless additional time is allocated by the Governing Body**. No action will be taken by the Mayor and City Council the evening that the item is addressed and all items will be referred to staff for follow up and a report.

Name & Address: Cheri Steele 450 E. Center

Mayor Hart,

This is Cheri Steele, I have contacted and filed a complaint with the City and I emailed the City councilman about tumble weeds that are East of the Rocky Vista University. Councilman Scott said he would talk to the building department about the violation. I called the City this morning and spoke to Sharon Allen and she told me it had gone to the council. She then transferred me to Kari Jimenez. Kari knew nothing about it! Kari sent out an email this morning to all the staff and apparently was told that I had been replied to multiple times and that I didn't like the answers!!!
I have only been contacted by councilman Scott and councilwoman Gillespie. They say the landscapers have been there once a week cleaning it up. I do not see a whole lot of changes. I do not think it is the city's responsibility to get a dumpster for the cleaning up of the weeds, it should be up to the property owner. The property owner should be cited, this has been going on since the land was cleared.

Thank you for your time in this matter
Cheri Steele

Thank you for responding to my email. If any of your a minute you should drive around the area mostly affected by the tumble weeds. Down 400 East, look in the back yards of the wall at Window Rock and the medical center parking lot. They need a dumpster and get it cleaned up!!! The best some of the people can do is 1 tumble weed each week, because the don't have a truck. We have tumble weeds I get it but, not at this large amount.

Cheri - better than just talking about it at city council (we're really good at talking) I sent your email to the building dept - they deal with code violations now (used to be the police dept). Hopefully they respond to both of us in the next few days. Mike

Subject: Tumble Weeds On Center Street

Ivins City Council,

My name is Cheri Steele, and I live at 450 East Center here in Ivins. This morning we had a truck full of tumble weeds in our yard! I know that the wind blows and tumble weeds roll. I have lived here since 1980. Never have I seen them so bad! Ever since the Rocky Vista University development has started it has been terrible! The people in Window Rock have their backyards full of them along the wall. The owner should have been doing something about the weeds before now, but the City has apparently not enforced any clean up. The dumpsters here in town are not available until the 30th of March and it's a mess! I would think that the City would enforce the same standards of other property owners and get it cleaned up or be fined. Also, the developer/owner should provide all home owners with a way of disposing of the tumble weeds with ease, like they should get a dumpster and get their property cleaned up and allow us to use their dumpster to get rid of the tumble weeds off of our property's. Some of the home owners have no vehicle to get rid of the tumble weeds. Please help us home owners get this addressed. I filed a complaint at the city last week. Attached are some of the pictures. I didn't put all the pictures on that I took. Thank you for your help in this matter.

Cheri Steele
