FINDINGS AND ANALYSIS:

- The preliminary plan application is complete.
- The subdivision complies with City ordinances by obtaining and satisfying any documentation requested by city engineer or other appropriate city staff member regarding agreements with adjacent owners, agreements for the provisions of utilities and easements, encumbrances, traffic impacts, and compliance with federal, state and local requirements.
- TRC reviewed the Preliminary Plan on 4/23/24 and recommends approval. They identified and addressed storm drain and irrigation lines and placement, as well as pad elevations. The detention basin cannot have an alternative use.
