Brief statement of your education and/or experience in the arts or with arts organizations.

**I have a varied work background ranging from Portrait Studio manager to Retail sales manager to Esthetician to Escrow Officer to now working at Tuacahn with our amazing donors.**
**My degree is in Business Administration and I have put that to use every aspect of working life, including my current part time career as a Travel Agent.**
**I am a wife and mother, my husband was in the Air Force for many years and we had the opportunity to live in many different locations, including overseas. Living in Europe was amazing and opened my eyes to so much art history and history in general. When my husband and I travel we try and bring back pieces or art instead of typical souvenirs like magnets, I love photographs, hand made items, or jewelry the most.**
**I have no real experience with art organizations, other than working for Tuacahn, I grew up performing in theater in school, and I think arts in schools is so important.**
**I hope that gives you and idea of me, I look forward to meeting you.**
