SECTION:

16.06.101: Zoning By Districts

16.06.102: Zoning Districts Purpose

16.06.101: ZONING BY DISTRICTS:

The zoning districts map is incorporated herein by reference and identifies the number, shape, location, and area of each zoning district provided. All uses, activities, buildings and structures, and all required approvals, permits, and licenses shall comply with the provisions, standards, and requirements of the applicable zoning district. As provided by the Act, neither the size of a zoning district nor the number of landowners within the zoning district may be used as evidence of the illegality of a zoning district or the invalidity of any decision of a Land Use Authority.

To achieve the purposes of this title, the following zoning districts are provided: (Ord. 2017-06, 2017)

(1) Residential Agriculture Districts:

(a) Residential Agriculture (RA-5);

(b) Residential Agriculture (RA-1). (Ord. 2016-16, 2016)

(2) Residential Estates Districts:

(a) Residential Estates (RE-43.0);

(b) Residential Estates (RE-37.0);

(c) Residential Estates (RE-25.0);

(d) Residential Estates (RE-20.0);

(e) Residential Estates (RE-17.5);

(f) Residential Estates (RE-15.0);

(g) Residential Estates (RE-12.5). (Ord. 2017-06, 2017)

(3) Single-Family Residential Districts:

(a) Single-Family (R-1-10);

(b) Single-Family (R-1-7.5);

(c) Single-Family (R-1-5). (Ord. 2016-16, 2016)

(4) Multiple Residential Districts:

(a) Twinhome (R-2-10);

(b) Townhouse;

(c) Multiple Residential (R-M). (Ord. 2017-06, 2017)

(5) Commercial Districts:

(a) Neighborhood Commercial (CN);

(b) Community Commercial (C-1);

~~(c) Resort Commercial (RC);~~ Zoning applications are no longer accepted. Vested rights are applicable

~~(d) Resort Mixed Use (RMU);~~ Zoning applications are no longer accepted. Vested rights are applicable

(e) Commercial Professional and Research (CPR);

(f) Commercial With Light Manufacturing (CLM).

(6) Industrial District:

(a) Industrial (I).

(7) Special Purpose Districts:

(a) Open Space and Habitat Preservation (OS);

(b) Drinking Water Source Protection Overlay (SP);

(c) Sensitive Lands Overlay (SL);

(d) Planned Development Overlay (PD);

(e) Subdivision Enhancement Overlay (SE);

(f) Mixed Use Development Overlay (MU);

(g) Subdivision Lot Averaging Overlay (SLA);

~~(h) Short Term Rental Overlay (STRO);~~ Zoning applications are no longer accepted. Vested rights are applicable

(i) Historic Township Overlay (HO). (Ord. 2016-16, 2016)

16.06.102: ZONING DISTRICTS PURPOSE:

The zoning districts of the City are provided to achieve the purposes of the General Plan, the purposes of all land use ordinances, including this title, and the purposes of the Act. (Ord. 2017-06, 2017)

(1) Residential Agriculture Districts: The Residential Agriculture Districts (RA-5 and RA-1) are provided to allow low density residential uses with the opportunity for the keeping of domestic livestock and the operation and maintenance of small farms and hobby farms. The primary land uses allowed are small farms, single-family dwellings, and associated and compatible incidental or accessory uses. (Ord. 2016-16, 2016)

(2) Residential Estates Districts: The Residential Estates Districts (RE-43.0, RE-37.0, RE-25.0, RE-20.0, RE-17.5, RE-15.0, and RE-12.5) are provided for low density and medium density residential estates neighborhoods with a quality of openness.

These districts are intended to promote, preserve, and protect single-family residential development. The principal land use allowed is single-family dwellings and incidental and accessory uses provided in recognition and sensitivity to the physical environment of the district. (Ord. 2017-06, 2017)

(3) Single-Family Residential Districts: The Single-Family Residential Districts (R-1-10, R-1-7.5, R-1-5) are provided to maintain and protect medium density and high density single- family residential areas for single-family residential dwellings. (Ord. 2016-16, 2016)

(4) Multiple Residential Districts: The Multiple Residential Districts (R-M, Townhouse and R-2-10) are provided to allow high density and multiple-family residential uses. These districts allow the development of twinhomes, townhouses, apartments and other high density residential dwellings with provisions of adequate light, air, open space, and landscaped areas. The principal land use is multiple-family residential uses and incidental or accessory uses. (Ord. 2017-06, 2017)

(5) Commercial Districts: The Neighborhood Commercial (CN), Community Commercial (C-1), Resort Commercial (RC),No longer available. Recreational Vehicle Resort (RV Resort), Resort Mixed Use (RMU),No longer available and Commercial Professional and Research (CPR) Districts are provided to allow a variety of commercial uses and intensity of uses, with differing development standards that provide a diversity of commercial uses to meet the needs of City residents and visitors~~. It is a General Plan goal of Ivins City to become a destination and resort community, sensitive to the high quality of the surrounding desert environment, landscape, and views.~~ The commercial districts provided are designed to provide locations for commercial uses with the establishment of uses sensitive to the goals of the City. All commercial uses are required to enhance and add to the character of the City by providing site and building features sufficient to achieve the goals of the General Plan and this title.

(6) Commercial With Light Manufacturing District: The Commercial With Light Manufacturing District (CLM) is provided to recognize and provide areas of the City used for light industrial uses. All uses provided shall be clean, light manufacturing or industrial activities that do not create any nuisances to adjoining properties, complement the character of the City, and promote the goals of a destination resort community. The Commercial With Light Manufacturing District will only be established to provide clean industrial and manufacturing uses, sufficient to meet the needs of residents of the City.

(7) Special Purpose Districts: The Special Purpose Districts of Open Space and Habitat Preservation (OS), Drinking Water Source Protection Overlay (SP), Sensitive Lands Overlay (SL), Planned Development Overlay (PD), Subdivision Enhancement Overlay (SE), Mixed Use Development Overlay (MU), Subdivision Lot Averaging Overlay (SLA), Short Term Rental Overlay (STRO), and Historic Township Overlay (HO) are provided as stand alone or overlay zoning districts to meet specific needs and goals of the City as follows:

(a) Open Space And Habitat Preservation (OS): This district is provided to preserve and protect areas of significant natural resources and open spaces, such as areas of native vegetation, rock outcrops, and views. Additionally, areas identified by

Federal or State wildlife agencies required to protect and preserve the habitats of endangered or threatened wildlife species, and to recognize the economic value and benefits of open space and undisturbed and undeveloped areas will be included in this district.

(b) Drinking Water Source Protection Overlay District (SP): The purpose of the Drinking Water Source Protection District is to ensure the continued supply and safety of the culinary water supply of Ivins City. The Drinking Water Source Protection Overlay District shall be applied to areas surrounding the Ivins City 400 East well, an invaluable source of culinary water for the City.

(c) Sensitive Lands Overlay District (SL): The purpose of the Sensitive Lands Overlay District is to provide development opportunities on lands that possess naturally occurring physical or environmental constraints, while recognizing the environmental limitations and development sensitivity of these areas. Lands which are included in the Sensitive Lands Overlay District include lands subject to flooding and wetlands, areas that possess a natural slope of eight percent (8%) or greater, habitat areas of threatened or endangered species, and areas of lava flow(s) and rock outcroppings. (Ord. 2016-16, 2016)

(d) Planned Development Overlay (PD): The Planned Development District is provided as an overlay zoning district to allow residential development opportunities with a greater degree of flexibility than may be allowed by the underlying RA-5, RA-1, RE-43.0, RE-37.0, or RE-25.0 District. The PD District requires creativity and uniqueness in the proposed development with recognition of the environmental and community values existing on the development site. The PD District also promotes the efficient use of all land resources and requires the provision of development and community amenities, with the preservation of the natural and scenic qualities of the development site. (Ord. 2016-16, 2016; amd. Ord. 2017-17, 2017)

(e) Subdivision Enhancement Overlay (SE): The Subdivision Enhancement Overlay District is provided as an overlay zoning district to encourage and reward subdivisions located in the RE-20.0, RE-17.5, RE-15.0, RE-12.5, R-1-10, and R-1-7.5 Zoning Districts for the provision of subdivision and community features not typically required by the subdivision requirements of the City. These features may include street enhancement and improvement dedications, subdivision landscaping, buffering, and compatibility features, and amenities. The Subdivision Enhancement Overlay District (SE) is provided by the City as an "overlay zone" to encourage the provision of desirable and attractive Residential Estates (RE-20.0, RE-17.5, RE-15.0, and RE-12.5) and Single-Family Residential (R-1-10 and R-1-7.5) subdivision areas.

(f) Mixed Use Development Overlay District (MU): The purpose of the Mixed Use District is to provide opportunities to create land use patterns and layouts that provide for a complementary and compatible mix of uses and a diversity of dwelling unit types. The Mixed Use Overlay District allows a combination of compatible residential and nonresidential uses, with necessary supporting uses, consistent with a convenient and pedestrian friendly development layout and a destination resort community. It is the purpose of the MU District to allow flexibility and creativity in the combination and

arrangement of uses while promoting efficiencies in the delivery of required infrastructure and services.

(g) Subdivision Lot Averaging Overlay District (SLA): The Subdivision Lot Averaging Overlay District (SLA) is provided by the City as an "overlay district" to provide the option for residential subdivision layout based upon average lot size rather than the strict minimum lot size requirements of the underlying district. The Subdivision Lot Averaging Overlay District (SLA) does not establish any allowed uses or density for the subject property. Rather, the identification of the allowed uses and allowed density (or base density) is provided by the underlying zoning.

(h) Short Term Rental Overlay District (STRO): The purpose of this zone is to designate areas in the community where rental of residential units on an overnight or short term basis is desirable and in the best interests of the community, and to aid the development of housing in those areas, particularly by owners who reside elsewhere and wish to rent their units when not in use. "Short term" shall be defined to mean a period of thirty (30) days or less.

(i) Historic Township Overlay District (HO): The purpose of this district is to minimize flag lots and to encourage infill and redevelopment within the Historic Township. (Ord. 2016-16, 2016)

PART 1. RESORT MIXED USE REQUIREMENTS

16.17.101: REQUIREMENTS:

(1) A buffer is required when any property in the resort mixed use district abuts residential property.

(a) This buffer shall consist of a reasonably compatible residential use, i.e., a single-family residential buffer is required where the abutting property has a single-family use.

(b) The residential buffer shall extend to properties immediately adjacent and be one unit in depth.

(2) An area of open space is required and shall be thirty five percent (35%) of the remaining total square footage of the property after the square footage of the buffer required in subsection (1) of this section has been deducted.

(3) As an integral part of the resort mixed use district, an additional residential component notwithstanding the buffer is required for the remaining total square footage of the property.

(a) A minimum of fifty percent (50%) of the commercial structures must have a residential component.

(b) If any structure containing a residential use is two (2) or more stories, there will be no residential on the ground floor

(c) The residential component required in subsection (3)(a) of this section shall be a minimum of forty percent (40%) of the total building square footage and shall not exceed sixty percent (60%) of the total building square footage. (Ord. 2012-08, 2012)

16.17.102: Application: No further application will be accepted for the Resort mixed use Zone.

PART 2. RECREATIONAL VEHICLE RESORT REQUIREMENTS

16.17.201: PURPOSE:
The purpose of this part is to direct the development of facilities for a recreational vehicle (RV) resort in the RV resort zoning district, to set forth development requirements necessary to ensure that the RV resort is developed as a "resort", rather than as an RV park or campground, providing guests with a relatively higher quality experience than found in an RV park or campground, and to protect the integrity, characteristics and values of the districts and land uses contiguous to or near the location of the RV resort, and to ensure that the city collects transient room tax on the rental of spaces within the RV resort. (Ord. 2016-07, 2016)

16.17.202: DEFINITIONS:
CABIN: A living space equipped with sleeping area, kitchen area and full bathroom facilities connected to a sewer system, with electricity and culinary water available inside the cabin. The cabin must be constructed in compliance with applicable building codes, be a minimum of one hundred fifty (150) square feet but not more than four hundred (400) square feet. No more than eighteen percent (18%) of the total sites in an RV resort may be cabin sites.

CABIN SITE: An area within an RV resort that contains a short term rental cabin as well as one paved/concrete automobile parking space within the site. Cabin sites must be a minimum of one thousand six hundred (1,600) square feet in size and cabins must be separated from one another by at least the distance (or type of firewall) required by the international fire code as adopted by the city.

PERSON: Any individual, partnership, corporation, association, limited liability company, firm, company, trust, or any other legal entity (public or private).

RV RESORT: A parcel of land under the control of any person wherein two (2) or more RV sites, along with the amenities, facilities, and services designed to provide guests with a higher quality experience than found in an RV park or campground, are offered for short term rental to the public and complies with the requirements of this chapter. RV resorts shall not consist of more than 7.5 sites for RVs, cabins, and tents per gross usable acre.

RV SITE: An area within an RV resort that may be rented to place an RV and parking for the towing vehicle if not a self- propelled RV.

RECREATIONAL VEHICLE (RV): (1) Dependent: An RV not containing sanitary facilities and/or devices for connecting said facilities to a community waste disposal system. Dependent RV sites are only allowed adjacent to tent sites. No more than ten percent (10%) of the total sites in an RV resort may be dependent RV sites.

(2) Independent: A motor home, travel trailer or fifth wheel trailer containing sanitary facilities and devices for connecting said facilities to a community waste disposal system. This type of RV may also be referred to as a self-contained recreational vehicle.

TENT: A portable shelter for one or more individuals, consisting of synthetic fabrics or natural skins attached to any type of framework, including tent trailers (a.k.a. "pop ups"). No more than ten percent (10%) of the total sites in an RV resort may be tent sites.

TENT SITE: An area within an RV resort that may be rented to place one tent on an improved, but not paved/concrete, tent pad. The site must also provide one automobile parking space within the site that is paved or concrete. Tent sites shall be a minimum of one thousand (1,000) square feet. (Ord. 2016-07, 2016)

16.17.203: RV RESORT APPLICATION:

(1) An applicant shall submit a written application for approval for the development of an RV resort on an application form provided by the city. Accompanying the RV resort application shall be the following:

(a) Application fee;

(b) Property address, acreage, boundary and tax identification number;

(c) Proposed name of the project;

(d) Property owner of record and developer;

(e) Vicinity map showing the project location relative to city boundaries, major roads and minor roads that serve the property;

(f) Date, scale and north arrow;

(g) Existing streets, rights of way widths, major utilities, easements, fencing, parks, trails, open space and infrastructure on or adjacent to the property;

(h) Site layout including, proposed open space, amenities, space sizes and gross density;

(i) Traffic impact study, as required by the transportation master plan, in both paper copy and electronic format;

(j) Geotechnical report in accordance with the standard specifications, in both paper copy and electronic format;

(k) Preliminary hydrology report in accordance with the standard specifications, in both paper copy and electronic format;

(l) Preliminary title report verifying ownership;

(m) Recent list of names and addresses, and two (2) sets of address labels and postage, for owners of record at the Washington County recorder's office of the subject property and properties within three hundred feet (300') of the boundary line of the subject property;

(i) List must be no older than thirty (30) days from date of submission.

(ii) Developer is responsible for the completeness and accuracy of the list of owners of record but is entitled to rely upon the records in the Washington County recorder's office.

(iii) Failure to provide an accurate list may delay the approval of the project;

(n) Plan for continued maintenance of the project amenities;

(o) Proposed site plan: Provide two (2) twenty four inch by thirty six inch (24" x 36") or larger copies of the proposed project, ten (10) eleven inch by seventeen inch (11" x 17") reduced copies of the proposed project, and one copy of the proposed project in electronic format, including the names, addresses and phone numbers of applicant, engineer, surveyor and/or architect;

(p) Existing streets (with names) and right of way widths, buildings, culverts, bridges, waterways, irrigation ditches and systems, wells, springs, utilities, fencing, easements, rights of way, flood boundary, surface watercourse features, geologic hazards, parks, trails, open space, storm drain and sanitary sewer systems, topography (contours at maximum 2 foot intervals), survey monuments, section lines, other features and infrastructure on or adjacent to the property or as requested by the city engineer or other appropriate city staff member;

(q) Proposed grading plan in accordance with the standard specifications;

(r) Proposed landscaping plan that meets the requirements of chapter 22 of this title;

(s) Proposed lighting plan that meets the lighting standards set forth in title 14, chapter 10 of this code;

(t) Proposed traffic circulation and parking plan within the RV resort;

(u) All property lines of adjacent properties within one hundred fifty feet (150') of the boundary of the proposed subdivision with the names of the owners and the parcel tax identification numbers. (Ord. 2016-07, 2016)

16.17.204: GENERAL STANDARDS FOR RV RESORTS:

(1) Any application for a recreational vehicle (RV) resort shall be processed as a class V conditional use as set forth in chapter 16 of this title.

(2) Once a property has been developed as an RV resort it may not be subdivided. It must remain as a single parcel for property tax purposes and to continue to meet all the requirements of this chapter.

(3) The minimum parcel size on which an RV resort may be developed is twenty (20) acres.

(4) RV resorts shall not consist of more than 7.5 RV sites per gross usable acre.

(5) All streets within an RV resort shall be paved and all pads on RV sites shall be concrete.

(6) All RV resorts are considered lodging facilities for tourists and are subject to the transient room tax.

(7) RV resorts shall be designed by appropriate licensed professionals, such as architects, landscape architects, engineers, or land use planners, All plans and drawings for buildings, structures, grading, utilities, etc., shall be signed and stamped by the professional who prepared them.

(8) All exterior boundaries shall be screened from surrounding streets and abutting uses by a solid six foot (6') colored masonry or colored stucco covered concrete/block privacy wall, unless it is a portion of property that due to topography is not used for RV sites, tent sites, cabins or is not visible from surrounding streets and abutting uses. Whatever material is used for the front wall must be used for the side walls as well. The privacy wall along a public street shall be modulated by 1.5 to four feet (4') every forty (40) linear feet; if the public street is Highway 91, it must be consistent with the wall installed on Center Street.

(9) A minimum buffer of thirty feet (30') shall be required between any RV site and any property boundary. The minimum buffer for cabin sites, however, may be reduced to twenty feet (20') if they are located along boundaries abutting private property.

(10) RV resorts shall provide streets in such a pattern as to provide convenient and safe traffic circulation and emergency access within the RV resort. Two-way streets shall be a minimum of twenty four feet (24') and one-way streets shall be a minimum of twenty feet (20') wide.

(11) Due to the large size and slow speeds of most RVs, and the dangers created thereby, in addition to any other required right of way improvements, if the street used for RV resort access and egress is classified as an arterial (major or minor) street, then the developer of the RV resort shall install, and dedicate any additional right of way necessary to install paved deceleration/acceleration lanes for all vehicles entering and exiting the RV resort in both directions of the arterial street. The minimum length of the deceleration lanes shall be three hundred twenty five feet (325'), which may include the taper zone, plus one hundred twenty feet (120') for queuing. The minimum length of the acceleration lane shall be four hundred feet (400'), which may include the taper zones. Asphalt shoulders shall be extended in accordance with arterial cross sectional requirements for the accommodation of bicycle lanes. Pavement thickness shall be in accordance with the geotechnical recommendations for asphalt thickness for an arterial street.

(12) RV sites, tent sites and cabin sites shall each provide one paved space suitable for automobile parking, which may either be a separate parking space within the site or

may be added to the minimum dimensions for an RV pad. Additional parking spaces shall be placed throughout the park at a ratio of one parking space per every ten (10) RV, tent and cabin sites. All parking spaces must be at least nine feet (9') wide and twenty feet (20') long.

(13) Pets (dogs/cats) traveling with guests shall be kept inside the RV overnight. If kept outside during daytime hours they shall be kept on a leash or tethered. No more than two (2) pets shall be allowed per guest site. No other animals are allowed to be brought onto the RV resort premises by any guest of the RV resort.

(14) The RV resort shall include a designated storage area for utility trailers (tow dollies, "toy haulers", etc.), motorized vehicles (excluding primary car/truck), bicycles, etc. This storage area shall occupy no more than five percent (5%) of the gross area of the resort. Such storage shall be for the exclusive use of registered guests only during the period the guest is a registered and paying occupant of an RV site. Storage areas shall be fully screened.

(15) Equestrian RV sites are allowed when the RV resort is directly adjacent to BLM managed property with equestrian use permitted and the RV resort has written permission to access BLM property. Equestrian RV sites shall be located a minimum of one hundred feet (100') from any property line other than abutting BLM equestrian use property. All equestrian stalls shall be cleaned daily. No more than five percent (5%) of the total sites in an RV resort may be equestrian RV sites. (Ord. 2016-07, 2016)

16.17.205: PROHIBITIONS:
The following are prohibited within an RV resort:

(1) No separate mailboxes, street address designations, or other similar accessories which could give the appearance of permanence to occupants within the resort.

(2) No freestanding fuel tanks permitted within an RV site, tent site or cabin site. All fuel tanks within any site must be securely mounted upon or attached to the RV they serve, unless used solely for cooking purposes.

(3) No open storage of personal property, accessory building, shed or cabinet within any RV site, tent site or cabin site.

(4) No campfires within any RV site, tent site or cabin site. Propane or natural gas firepits are allowed with approval of the Ivins City fire chief.

(5) Other than operating the RV resort itself, no employee or guest of the RV resort may operate any type of business within the RV resort.

(6) Camping outside of an RV or cabin is only allowed on a tent site.

(7) Removal of axles, wheels or tires from an RV within the RV resort, except in the case of an emergency repair. If the repair cannot be completed within twenty four (24) hours, then the RV shall be removed from the RV resort.

(8) Parking RVs anywhere within the RV resort other than a designated RV space is prohibited. No on street parking is permitted for any vehicle.

(9) RVs shall not be stored, displayed for sale, or sold within the RV resort. (Ord. 2016-07, 2016)

16.17.206: RV RESORT MANAGEMENT:

(1) A resort manager, or another employee of the resort, must be on duty within the resort at all times. RV resort management shall maintain a patron log consisting of names, dates of occupancy, and number of spaces used. Upon request, patron logs shall be made available to inspection by representatives of the city during reasonable business hours. Representatives of the city shall also be allowed to drive through the RV resort during reasonable business hours to verify compliance with this chapter.

(2) RV resort management shall, at all times, maintain the resort and its facilities in a clean, orderly and sanitary condition. Management shall only allow independent RVs that are in good condition to stay at the RV resort, i.e., no visible rust, no leaking fluids, visible license plate with current registration sticker, no significant damage, no visible patching material or primer paint, no chipping paint, and no paint that appears to have been applied by spray can or brush. Management shall enforce quiet times between the hours of ten o'clock (10:00) P.M. and six o'clock (6:00) A.M., although arriving guests may be allowed to check into the RV resort up until twelve o'clock (12:00) midnight.

(3) RV resort management shall be responsible for the regular and proper collection and disposal of all refuse, garbage, and litter accumulated within the RV resort. Collection shall be no less than once a week. Garbage shall be placed in central dumpsters only that are set back from public streets and neighboring properties by at least fifty feet (50') from inside the buffer. Dumpsters shall be screened so they are not visible from public streets or neighboring properties. (Ord. 2016-07, 2016)

16.17.207: TIME LIMIT ON OCCUPANCY:
Seventy percent (70%) of the total RV resort sites will be limited to a maximum occupancy period of twenty nine (29) consecutive days or the time period specified by Utah statutes to qualify for transient room tax, whichever period is shorter. Thirty percent (30%) of the total RV resort sites may be occupied up to a maximum of one hundred eighty (180) consecutive days in a one year period beginning on the initial date of occupancy. Note: Only independent RVs are allowed occupancy longer than twenty nine (29) days. (Ord. 2016-07, 2016)

16.17.208: UTILITIES:
(1) RV resorts shall be connected to Ivins City utilities for water, sewer (wastewater), storm drain (if applicable). For utilities not provided by Ivins City, RV resorts shall be connected to the applicable utility having a franchise agreement with the city.

(2) RV resorts shall provide adequate water supply hookups to each RV site. Culinary water shall also be provided to all tent sites and cabins. All water supply lines shall be installed with an approved backflow prevention device per code.

(3) RV resorts shall provide wastewater disposal hookup to each RV site and shall also provide a sanitary dumping station for RV resort users. Traditional septic systems are prohibited in RV resorts.

(4) RV resorts shall provide electrical outlets of appropriate voltage to each RV site, tent site, and cabin sites. The use of a generator within the RV resort is prohibited.

(5) All lighting within the RV resort shall comply with the city's outdoor lighting chapter. (Ord. 2016-07, 2016)

16.17.209: LANDSCAPING AND RECREATION:

(1) The following landscape requirements shall apply to RV resorts:

(a) Provide a minimum of one tree for each RV site, tent site and cabin site.

(b) Provide a minimum of three (3) trees clustered every thirty (30) linear feet along all property boundaries of the RV resort. Each cluster of trees shall include a mixture of trees so that each cluster provides adequate screening year round.

(c) All open areas, except undisturbed sensitive lands, driveways, parking areas, walking paths, utility areas or patios shall be improved and maintained with landscaping with plants that are approved by the parks and recreation director.

(2) RV resorts shall provide a minimum of five percent (5%) of the developable acreage as common recreational/open space. This excludes any required landscape buffer areas, recreational facilities, offices, storage facilities, garbage areas, bathrooms, laundry facilities, guest parking areas, or other structures. At a minimum, an RV resort must also provide the following recreational amenities:

(a) Clubhouse;

(b) Pool; and

(c) Playground. (Ord. 2016-07, 2016)

16.17.210: INDIVIDUAL RV SITE DESIGN STANDARDS:

(1) Each RV site shall be plainly marked and numbered for identification.

(2) Each RV site shall be an average of forty feet by eighty feet (40' x 80') in size.

(3) RVs shall be separated from each other and from other structures by at least twenty feet (20'). Any accessory, such as attached awnings, steps or pop outs, shall be considered part of the RV.

(4) No more than one RV shall be placed on an individual RV site. (Ord. 2016-07, 2016)

16.17.211: ACCESSORY FACILITIES:

(1) Office: RV resorts shall include a permanent building for office use. The building may also include a small store and/or a live/work area for the exclusive use of the owner or manager. The building must comply with the design guidelines set forth in chapter 19 of this title. The live/work area shall not exceed 4,200 square feet of floor space.

(2) Laundry Room: RV resorts shall have one or more laundry rooms providing sufficient washing machines and dryers for the number of sites developed within the RV resort. The use of laundry drying lines is prohibited.

(3) Restroom And Shower Facilities: Communal restrooms, including toilets, showers, and lavatories, shall be provided to conveniently and adequately serve the number of sites developed within the RV resorts. The following are the minimum requirements for these facilities:

Number Of RV Sites	Toilets		Urinals
	M	F	M
1 - 40	1	2	1
41 - 80	2	4	2
81 - 120	3	6	3
121 - 160	5	8	3
161 - 200	6	10	4

(Ord. 2016-07, 2016; amd. Ord. 2023-20, 2023)

PART 3. RESORT COMMERCIAL REQUIREMENTS

16.17.301 Application: No further Resort Commercial zone applications will be accepted.
