POLICE DEPARTMENT

POLICE ACTIVITY:

- Officers provided traffic control and evacuated part of Fire Lake Park while ground and air resources extinguished a wildland fire at Split Rock Reserve.
- Officer Brown responded to a report of a suspicious vehicle in Snow Canyon State Park. Dispatch informed him that a witness had seen three males breaking into a vehicle. Deputies arrived from the park's north side, while members of SCIPD arrived from the south. The deputies found the three males leaving the park and detained them. Meanwhile, Officer Brown located the victim's vehicle and discovered that some items were missing. He provided this information to the deputies, who then arrested the individuals on related charges. After further investigation, it was found that the three males had been involved in other vehicle burglaries in the Washington County area.
- Officers responded to a report of an unattended death just south of the Snow Canyon State Park entrance, where a 30-year-old female was found deceased on the side of the road. Several agencies, including the Washington County Sheriff's Office, State Parks, SCI Fire Department, Gold Cross, Washington County Attorney's Office, and Medical Examiner's Office, assisted with the investigation.

It was a great turnout, with families traveling from Hurricane and Little Valley and even some returning players from the Ivins City event.
- Chief Studley participated in the dunk tank at the Ivins City Teen Summer Foam Blast Party and was a good sport, getting dunked several times.
- Officers provided traffic control and escorted the Color Country Corvette Club's 4th of July veteran parade through Ivins and to the Southern Utah Veteran's Home.

Animal Control

- The Shelter currently has nine dogs and only ten kennels. All the dogs are for adoption except one. Three of the dogs have been there for over 100 days and need to find their forever home or rescue. They have seen increased foot traffic at the Shelter since the animals have been on Petfinder and promoting the pet of the week. The Shelter techs work hard to keep the dogs exercised and more outside time.
- Officer Peterson took a livestock handling training course in Northern Utah to enhance her experience and understanding of livestock handling.
