ANIMAL CONTROL

- We currently have two dogs in the shelter. There has been a noticeable decrease in shelter intake, which allows us to focus more on quality care, reunification efforts, and maintaining a healthy environment for the animals in our care.
- Animal Control Officers L. Cook and K. Hart have started full-time. They have been actively patrolling our service areas and helping keep our parks safe by addressing dogs off-leash and ensuring compliance with city ordinances. Their dedication and teamwork have already made a positive impact, and they've been a great addition to both the shelter and the community.

- The Ivins Youth Council organized a donation food drive for our shelter, and thanks to their efforts, we received multiple bags of pet food along with several essential supplies. These donations will significantly assist us in restocking our food supply and preparing for the increase in animals we may encounter in the coming months. We are incredibly grateful for the hard work and support for our shelter and the animals in our community.
