Ivins City Staff Report
City Council Meeting 05/07/2026

Agenda Item: Approval of surplus of City vehicles and equipment
Submitted by: City Manager, Chuck Gillette

Recommended City Council Action: Approval of surplus of City vehicles and equipment

BACKGROUND:

Due to age, condition, and maintenance costs, several City-owned vehicles and pieces of equipment have reached the end of their useful service life or are no longer cost-effective to maintain. In some cases, the cost of repairs outweighs the operational value of the asset. Other items are surplus due to redundancy or lack of operational need.

Staff has evaluated each item and determined that they should be declared surplus and disposed of through a public sale process. Recommended starting bid amounts have been established based on condition, market comparisons, and input from City fleet maintenance staff.

The surplus list includes a range of vehicles and small equipment. Conditions vary from non-operational to functional but well-used, and that is reflected in the recommended starting bid values.

SUPPORT MATERIALS:

- Information on the vehicles and equipment to be surplused is attached.

Respectfully Submitted: _____

Chuck Gillette, City Manager

IVINS CITY VEHICLES TO SURPLUS

(May 2026)

EH WACHS COMPANY

VIN: TLV30001169
Make: EH WACHS
Model: TRAV-L-VAC TRAILER
