ANIMAL CONTROL

- Animal Control participated in an elementary school tour and an evening event at two different schools. The dog we brought along did a wonderful job, and both the students and teachers loved her. These events gave families a great opportunity to ask questions, learn more about Animal Control, and spend time with an adoptable dog, giving her additional exposure to help her find a forever home.
- We have stayed busy with adoptions and the ongoing influx of kittens. We continue to assist the community through our TNR (Trap-Neuter-Return) program to reduce the number of unwanted litter and kittens entering the shelter.
- With the nice weather, we are also taking the opportunity to walk the dogs more often and give them extra exercise and enrichment. We are working on getting updated adoption photos to showcase each animal better and help them find new homes.
